Richmond Yesterday

Richmond's history begins in 1607 when Captain Christopher Newport led English explorers to land inhabited by the Powhatan Nation on the banks of what is now known as the James River. Settlers flocked to the region during the construction of Fort Charles. Soon, the community grew into a bustling trading post for furs, hides, and tobacco.

Named after a London suburb, Richmond was officially founded in 1737 by Colonel William Byrd II. Known as the father of Richmond, Byrd worked with William Mayo, developed maps of the area, and sold plots of inherited lands on the north and south sides of the James River. Richmond was incorporated as a city and officially named Virginia's capital in 1782.

Richmond Today

Today Richmond is home to an estimated 226,623 citizens (source: Weldon Cooper Center for Public Service) and offers a diversified employment base that extends from chemical, plastics, and beverage manufacturing to banking, biotechnology, knowledge-based services, and high-tech fibers. Consistently ranked among "Best Places to Live and Work in America" by several national publications, Richmond offers easy access to the beach, mountains, and Washington, D.C.

The city features a broad array of local attractions, including historic landmarks, museums, and sports and entertainment venues; its own symphony, professional ballet, and opera; and a nationally recognized restaurant scene. Richmond also boasts one of the nation's largest river park systems, attracting visitors with rapids, fishing, mountain biking trails, and a thriving population of American bald eagles.

Richmond Tomorrow

The City of Richmond continues to grow, thrive, and look toward the future. Two initiatives in particular show how the best of Richmond’s history is yet to be written.

One Richmond

Mayor Levar M. Stoney’s One Richmond plan will work to improve the lives of all city residents by addressing public safety and child poverty, and by developing an education compact with city administrators, city council, and the city’s school system. The plan seeks to improve city services and make City Hall more efficient and transparent. The ultimate goal is a city “that works, and works together.”

Richmond 300

Intended as a guide for growth in the city through its tricentennial in 2037, Richmond 300 seeks to right injustices of the past while fostering a more welcoming, inclusive, and innovative city of thriving neighborhoods. The plan will promote a more diverse economy, create and maintain high-quality neighborhoods, develop an equitable transportation network, provide inclusive housing, reconnect the city’s neighborhoods, and support a prosperous ecosystem.

Mayor
Levar M. Stoney

Levar M. Stoney is serving his second term as the 80th mayor of the City of Richmond and is the youngest person to hold the office. He serves as President of the Democratic Mayors Association and is an Advisory Board member of the U.S. Conference of Mayors, where he chairs the Children, Health and Human Services Committee.

Mayor Stoney believes government can play a powerful role as a creator of opportunity for all residents and has made investing in children and families his top priority. During his term, he has made the largest individual budget investment in public education of any mayor in a generation. His administration has increased funding for classrooms and the maintenance of school facilities, constructed three new schools in Black and Brown neighborhoods, and built a partnership with local providers and the philanthropic community to create access to quality afterschool programming for every Richmond Public Schools (RPS) child enrolled in elementary and middle school.

A strong advocate for economic growth, Mayor Stoney launched programs that strengthen neighborhoods and ensure all residents share in the city's progress. Using the award-winning Richmond 300 plan as a guide, the mayor's administration has prioritized the creation and preservation of quality affordable housing, public works infrastructure, transportation, and jobs.

As Richmond emerges from the COVID-19 pandemic, the mayor has pledged to invest a record \$10 million per year in the Affordable Housing Trust Fund in perpetuity – a 1,200% increase from the start of his mayoralty. Mayor Stoney also founded the first of its kind Eviction Diversion Program, designed to address Richmond's troubling eviction rates.

Mayor Stoney has made upgrading city infrastructure a major priority. His administration's historic investments have resulted in newly paved roads in often neglected neighborhoods and the dedication of \$78 million in American Rescue Plan Act funds toward the rehabilitation and construction of four community centers, providing access to recreation and city services within walking distance of 100,000 city residents.

Under his leadership, the Central Virginia Transportation Authority (CVTA) approved a \$113 million regional investment that will enable the completion of the Fall Line Trail. The GRTC Pulse, a bus rapid transit system, launched and exceeded all ridership expectations. Thanks to further investments and administration support, mass transit in the city is now free for all riders.

Formulation of Richmond’s annual fiscal budget begins with the mayor in collaboration with members of the Department of Budget and Strategic Planning team and city leadership. The mayor’s proposed budget is presented to Richmond City Council, the body in charge of establishing each year’s official city budget. Richmond City Council then studies the content, develops applicable amendments, and adopts a balanced budget by the annual deadline of May 31.

Richmond is divided into nine voter districts. Thusly, nine people are elected from individual Richmond Voting Districts to represent residents as members of Richmond City Council. These nine City Council members are responsible for creating and amending local laws, providing policy and government oversight, appointing members to boards and commissions, and approving the annual Richmond Government Budget.

MAYOR'S MESSAGE

City of Richmond

March 4, 2022

The Honorable Council of
The City of Richmond Virginia

RE: FY 2023 Annual Fiscal Plan Transmittal Letter

Madam President and Members of Richmond City Council:

It is my pleasure to present the Mayor's Proposed Annual Fiscal Plan for FY 2023 and the five-year Capital Improvement Plan (CIP) for FY 2023 – FY 2027.

This submission represents the City's upcoming financial plan and was developed in accordance with best financial practices and reflects my commitment to building One Richmond. The ongoing implementation of core, best financial and budgeting practices indicative of a stable and well-managed government – is paramount to ensuring that Richmond will continue to remain in good standing with the credit rating agencies and push us further along our path of achieving an AAA credit rating. Further, this funding plan provides support for key priority service area. The priorities of my Administration in this fiscal plan include:

- Equity and economic justice;
- Youth and education;
- Police reform and public safety;
- Affordable housing;
- Well-managed and efficient government; and
- Economic empowerment.

The FY 2023 Proposed Annual Fiscal Plan and the Proposed FY 2023 – FY 2027 CIP are fiscally responsible budgets that focus on strategic investments in the above noted critical priority areas. The budget provides full funding for legal requirements, known contractual obligations, and mandates while also funding core services and strategic priorities within limited resources.

During the first six months of FY 2022, the City's revenues started the long road back from the initial, adverse impacts of the ongoing pandemic. Between March and May of 2020 in anticipation of the impacts of the COVID-19 pandemic, the City reduced the proposed FY 2021 budget by nearly \$40.0 million in revenue losses. Those anticipated losses were realized, and we once again reduced the FY 2022 budget further by nearly \$11.0 million in revenues, dropping our General Fund budget down by over \$50.0 million. However, as we end FY 2022 we are beginning to see some of our major revenue sources rebound. These include Sales Tax, Prepared Meals Tax, and Admission Tax which are beginning to show year over year gains. Real Estate Property Tax continues to make strides and combined with the Admission, Lodging, Meals, and Sales Tax has created nearly \$60 million in new revenue for FY 2023.

Compounding the impacts of the pandemic on the revenue side, we continued to receive requests for additional funding that far outweighed what we could afford with the minimal growth in revenue. Much like other localities, we made difficult decisions of shutting down certain services areas, closing satellite offices and modifying work schedules to accommodate social distancing requirements. Even with difficulties we experienced, we implemented the second phase of a classification and compensation study, initiated Marcus Alert, and planned expenditure for the \$155.0 million in American Rescue Plan Act funding. We are going to maintain our positive trajectory in FY 2023 implementing a new public safety sworn step pay plan, a five percent salary increase, bolster our capital investment by increasing our cash contribution to the CIP and supporting strategic new positions, and restoring service cuts made during the pandemic crisis years.

The funding of these minor initiatives does not rely on a real property tax increase in the FY 2023. . However, there are some fee increases to improve service alignment and revenue collections or maintain the self-support status of enterprise funded services.

Taking all this into account, the FY 2023 total **General Fund** budget is estimated to be \$836,015,828. This amount represents an 8.18 percent increase when compared to the FY 2022 Adopted Budget. The primary drivers of the increase in revenues are a projected increase in General Property Taxes – notably a 13.13 percent increase in real estate tax collections; increases in Sales Tax (9.27 percent); and increases in Prepared Meals Taxes (15.95 percent).

Total proposed **CIP** budget (not including utilities) and is \$101.5 million in FY 2023 and \$630.0 million over the five years. In compliance with our debt policies, we did see an increase in our ability to bond fund capital projects in the first year of the CIP. This additional room in our debt affordability, is directly tied to the revenue increase and the recovery toward the return to normal level of economic activity. However, these positive signs do not erase our need to be fiscally prudent in the out-years of the CIP. There is still too much uncertainty in the economic environment, and we have some bills coming due in FY 2026 and 2027.

BUDGET HIGHLIGHTS

Major expenditure and policy highlights proposed in the Proposed Annual Fiscal Plan for FY 2023 and the Proposed Five-Year Capital Improvement Plan (FY 2023 – FY 2027) include:

- New Public Safety Sworn Step Pay Plan. In collaboration with Police and Fire employee representatives I am proposing a highly competitive Step Pay Plan. This new plan places the City of Richmond as one of the most competitive employers in the region and in the state. This new plan will go into effect July 2, 2022.
- General Employee Salary Increase. All eligible city employees will receive a five percent salary increase as of July 2, 2022
- Increasing the minimum wage to \$17.00 per hour. Beginning July 2, 2022, the minimum wage will be increased from \$13.00 to \$17.00 per hour for all city employees. Increasing the salary level for our employees is critical for employee retention but it is also the right thing to do. With this change, the City of Richmond will be one of the highest starting salaries in the Commonwealth.
- Support to Richmond Public Schools (RPS). Level Funding for the local contribution is proposed for RPS at \$185,307,625. Because, the Richmond Public School Board submitted its budget request to the city a few days before I had to submit my budget to City Council, we did not have sufficient time to review the request. As such, \$15.0 million is included in a Non-Departmental Contingency for Reserve account for funding the needs of the Richmond Public Schools and can be made available through the course of the fiscal year based upon needs demonstrated by the Richmond Public Schools leadership.
- City Facility Maintenance. A critical investment of \$15.7 million in total funding for City facilities is proposed in the CIP. The Five-Year CIP includes changes to the structure of the Plan. All capital maintenance are included in a Generalized Capital Maintenance project in FY 2023 and the out year. Individual projects which comprise the Generalized Capital Maintenance project include, but are not limited to:
 - Coliseum Abatement
 - Roof replacements across the City Of Richmond
 - Boiler Replacement at John Marshall Courts Building
 - Fire Station Aprons
 - Maintenance at Major and Neighborhood Parks

Advanced Capital Funding. A new program for CIP Planning is proposed for \$10.0 million. This program allows us to conduct planning and design activities get better cost estimates and make informed decisions.

Increase CIP Cash Funding. Providing cash support for CIP funding is a financial best practice. By increasing our cash contribution, we are able to create more room in our CIP by taking care of our short term needs now instead of paying debt over a longer period of time.

- Complete Streets Program. An investment of \$17.0 million in paving, streets, and sidewalks is now aggregated in a capital project titled Complete Streets. This project exemplifies good transportation policy and design approaches that require streets to be planned, designed, operated, and maintained to enable safe, convenient and comfortable travel and access. The aggregation of funds into one project allows us to be more nimble and flexible in how meet the changing the needs of our community. With this funding, my administration will have provided over \$70 million in new funding for paving during my time as Mayor.
- Preserving our History. An allocation of nearly \$28.0 million over five years is provided to develop an Enslaved African Heritage Campus. This funding will be used for the purpose of

planning, designing, acquiring land for, and constructing a multi-use enslaved African cultural and heritage park-like campus in the City's historic Shockoe Bottom. This project reflects significant advocacy over many decades by numerous individuals and organizations to properly recognize and memorialize the impact of the trade of enslaved Africans that was centered in Shockoe. The notion of a campus in Shockoe came from the Center for Design Engagement that envisioned a project that combined a memorial park and museum with other development opportunities to create equity in the area.

- Office of Sustainability. Between this funding for FY 2023 and the American Rescue Plan Act funding, the Office of Sustainability will be established to increase our use of sustainable strategies in the City of Richmond.
- Office of Strategic Communication and Civic Engagement. Recognizing that communication is key to our success and the level of engagement with the community a stand-alone communication office is needed. Most cities our size and depth have an office or department for communication. We should be no different. This Office will engage in active outreach, communications, public events, and provide official announcements for the City of Richmond.

Provided below are more details of elements within my proposed budget.

EDUCATION

Education continues to remain one of my top priorities for the City. I have demonstrated this commitment in every budget that I have proposed as Mayor. The FY 2023 Proposed Budget continues to reflect that commitment. The proposed budget represents another significant increase in operating investment in education.

- The funding earmarked for Richmond Public Schools continues to be the **single largest** expenditure in the City's operating budget. As outlined above, I recommend level funding Richmond Public Schools in FY 2023, specifically because we have not received a FY 2023 Budget from the RPS School Board.
- However, included in my recommendation is a \$15.0 million Non-Departmental Contingency for Reserve –Education Funding. This funding represents an 8.09 percent increase over the FY 2022 Local contribution. Over the past ten years, the City of Richmond has averaged a 4.46% increase year over year.
- Although not budgeted directly to RPS, there are other elements of the General Fund budget provide support to our school-age children. This includes funding for the YMCA of Greater Richmond at \$382,000, and level funding for Communities in Schools and Nextup/Middle School Renaissance at \$400,000 and \$363,000 respectively.
- Restoring cuts to the Richmond Public Library made during the pandemic in FY 2021. Nearly \$400,000 in new funding is provided to libraries in the FY 2023 budget.

Capital Improvement Plan

The FY 2023 Proposed CIP proposes:

- \$2.5 million to address school maintenance needs in each year of the Five-Year CIP.
- \$200 Million in FY 2024 for School Modernization, as noted in the Multi-Year School Capital Funding Plan, remains in the CIP; and

PUBLIC SAFETY

Our public safety departments play a critical role in making Richmond more inclusive and safer. Specifically, I propose:

Operating

- A new sworn public safety sworn step pay plan for \$17.4 million. This new plan increases the starting pay for Police and Fire personnel to a competitive level on a regional and statewide basis. Over the past few months, we formed the Public Safety Pay Plan Work Group to collaborate on changes to the step plan. I believe the proposed step plan is a step in the right direction, but more work is needed. I am committed to continuing our discussions with the work group over the coming year to address outstanding or new issues. I believe communication between my Administration and our employees is the key to creating an Employer of Choice environment.

Capital

In the Proposed FY 2023 – FY 2027 Capital Improvement Plan, continues the investment in public safety by including:

- Generalized Capital Maintenance Program funding:
 - Police Headquarter
 - Police Academy Roof Replacement
 - Fire Station Maintenance
 - Juvenile Detention Center Maintenance
 - Emergency Communication Building Generator Maintenance
- The FY 2023 CIP Planning Fund provides planning funds for a new Public Safety Campus.

HOUSING

The City continues to face challenges associated with a crisis in affordable housing. This crisis has been exacerbated by the onset and continuation of the coronavirus pandemic. The Department of Housing and Community Development is constantly working to make strides in this area, particularly through the development of the City's first comprehensive, housing strategic plan. This budget continues the progress that we've made in the past few years by:

Operating

- Increased funding for the City's Eviction Diversion Program for a total of \$727,710. This represents a 50 percent increase from FY 2022 allow us to continue to serve or residents in need.
- The City Council approved American Rescue Plan Act spend plan provides \$10.0 million in FY 2022 and in FY 2023 for the Affordable Housing Trust Fund (AHTF). I have made my commitment to continue funding at the \$10 million level in future budgets.

YOUTH SERVICES

This budget continues to focus on after school related programming to provide positive outlets for our youth. Additionally, a new organizational unit is being recommended to better coordinate our existing efforts help improve youth outcomes. Specifically, the budget proposes to:

Operating

- Establishing the first ever Children's Fund. This \$500,000 fund managed by our Office of Children and Families, allows us to be responsive to the ever-changing, post-pandemic landscape of out-of-school time — this includes afterschool and summer programs, youth employment opportunities, as well as early childhood. Over the past few years, we've learned that it can be hard to predict funding needs for these priorities, but they've been more important than ever before as we support our families to get back to work and recover from the pandemic. The Fund will supplement existing non-departmental investments and help us address unexpected needs that would otherwise prevent us from serving as many kids as need out-of-school time programming.
- Maintain the extended programs our Parks, Recreation, and Community Facilities teams have been providing in FY 2022. While RPS provided funding for the programming in FY 2022, this funding will not be renewed for FY 2023. Therefore, my proposed budget includes support to continue the programming for \$1.5 million.
- Funding for key Non-Departmental organizations that provide after-school-related activities for youth, as well as investments in the City's young adult population (including the high school age and above). This consists of: Virginia Literacy Foundation, Junior Achievement, Virginia Cooperative Extension, and the YMCA Out of School Time that will remain level funded within Non-Departmental.

EFFICIENT & HIGH-QUALITY SERVICE DELIVERY

This budget continues the investment towards the goal of becoming an AAA credit rated city by continuing to employ financial best practices, streamlining operations, generating efficiencies, and investing in employees.

Efficient and high-quality service delivery include:

- Increasing the cash contribution to the CIP. This is a Government Finance Officer Association Financial Best Practice and a component of our ratings assessment.
- Maintaining funding to the Other Post Employee Benefits (OPEB) trust fund for a recommendation of \$1.4 million. While it is understood that supporting this obligation is a financial best practice, a revised actuarial study is needed to determine the annual required contribution going forward.
- We will continue my commitment to filing our Annual Comprehensive Financial Report (ACFR) on-time, just as we have in the past three years.
- An increase is proposed for fleet replacement in FY 2023 to a total funding of \$10 million. Funding supports the purchase of vehicles and equipment for Fire, patrol vehicles for Police, and refuse trucks for solid waste services. Over the Five-Year CIP \$54.5 million is proposed for new fleet purchases. FY 2023 planned fleet purchases include:

➤ Richmond Fire Department	5 Apparatus	\$3,936,820
➤ Richmond Police Department	97 Patrol Vehicles	\$3,042,200
➤ Municipal Solid Waste Truck	7 Refuse trucks	\$2,019,500
➤ Radio Shop	Radios, vehicle wrap	\$1,001,480
- A five percent salary increase for eligible general employees is proposed in FY 2023. I am sure that you will share with me in recognizing how critical a salary increase is for our dedicated employees who work hard daily to provide quality public services.

TRANSPORTATION

Continuing to push for more paving, more repairs, and better transportation remains another top priority of my administration.

Operating

- We are increasing our contribution to the Greater Richmond Transit Corporation to \$8.7 million, which is a 7.5 percent increase from FY 2022. This meets our statutory requirement to provide funding increase associated with the consumer price index.

Capital

- The FY 2023 CIP maintains the Complete Streets project for the Transportation team in Department of Public Works by providing \$17 million. Funding will support a variety of transportation related projects including sidewalks, curb and gutters, pedestrian crossing, and paving. With FY 2023 proposed contribution, I will have provided over \$70 million for paving over my tenure as Mayor;
- Funding of \$2.5 million is proposed within the Major Bridges capital project for FY 2023;

- The Hull Street capital projects are proposed to receive nearly \$15.0 million for streetscape and road improvements over the five years of the CIP; and
- Funding in FY 2023 is provided for Shockoe Valley Street Improvements, \$12.5 million over the course of the Five-Year CIP, which is an area of intense economic development activity.
- The total Five-Year CIP proposed funding for transportation capital projects is over \$240 million.

In addition to the City of Richmond's CIP investment in transportation projects, the Central Virginia Transportation Authority was created in FY 2021. This authority works to provide new funding opportunities for priority transportation investments across the region. For FY 2023, the City of Richmond is estimated to receive over \$16.7 million for transportation and infrastructure projects. When this funding is paired with the \$33.7 million in the State Street Maintenance support and the \$60.4 million in capital funding, we are scheduled to have over \$110.6 million in total funding for transportation and infrastructure projects in FY 2023.

CITY FACILITIES

The Proposed Budget includes funding to address the backlog of deferred maintenance needs of our municipal facilities. The maintenance needs have reached a critical stage and cannot be underfunded any longer. Therefore, I am including \$15.7 million in FY 2023 to begin to address these issues.

Highlights of this budget area include:

- 730 Building - Cooling Tower Replacement and DDC Valves
- Cemetery Improvements – St. Johns wall
- City Hall - Interior Construction: doors, escalator modification
- City Hall - Electrical: branch wiring, LED lights & controls, service distribution, emergency lighting, electrical panel board, Council Chambers lighting
- City Hall - Exterior Enclosure: walls, windows, doors, fall protection, cooling tower screen wall
- City Hall parking decks and tunnel upgrades
- City Hall Renovations - 3rd and 14th Floor Renovations
- Citywide Generator Replacement:
- Citywide Roof Replacement
- Coliseum abatement
- Emergency Communication Building Generator Repair
- Fire station aprons
- Fire Station Buildings - Electrical: LED lighting, branch wiring, service distribution, emergency lighting
- Fire Station Buildings - Interior Construction: interior doors, kitchen replacement, restroom renovations
- Fire Station Buildings - Plumbing: domestic water distribution, plumbing fixtures, sanitary waste

- Fire Station Buildings -Fire Protection: fire alarms, sprinkler & standpipes
- James River Park Infrastructure
- John Marshall Courts Building - Boiler Replacement
- Juvenile Detention Center - Full Building Generator
- Juvenile Detention Center - Roof Replacement
- Major Building Renovations - Electrical System Upgrades: 2nd and 3rd Precinct LED lighting upgrades, Main Library (old side) LED lighting upgrade
- Major Building Renovations - Fire Alarm System (Panel) Upgrades: FS14, FS16, Police HQ, Fleet Auto Shop
- Major Parks
- Manchester Courthouse HVAC Upgrades
- Neighborhood Parks
- Oliver Hill Courts Building - CSU intake upgrades
- Park and Rec Building Maintenance
- Police Academy - security, exterior LED lighting
- Police Headquarters - interior upgrades
- Police Training Academy - Roof replacement/Skylight Sealing
- Richmond City Justice Center - Façade modifications, LED parking lot lighting, chiller upgrades
- Swimming Pool Repairs

WATER, WASTEWATER, GAS, STORMWATER

Due to the increasing costs of maintaining infrastructure, compliance with regulatory requirements for system safety and reliability, and maintaining utility bond ratings, the Department of Public Utilities has proposed a rate increase of 4.0% for natural gas, 3.5% for water, 5.25% for wastewater, and 8.75% for storm water, to be effective July 1.

As in past years, these adjustments are necessary in order to:

- Remain in compliance with DPU's Financial Policies,
- Provide adequate working capital for each of the utilities,
- Provide sufficient funding for cash contributions to capital projects,
- Maintain sufficient coverage ratios for debt and equity coverage, and
- Maintain or improve our bond ratings.

It is estimated that the combined increase in cost for all utilities will be \$8.86 a month for residents.

- Gas: \$3.79
- Water: \$1.30
- Wastewater: \$3.38
- Stormwater: \$0.39

Conclusion

The process of developing and balancing a nearly \$836.0 million operating budget in a resource restricted environment is not an easy task. Yet, my administration continues to meet the challenge. If you recall, we presented a five-year forecast to City Council earlier this year that projected a shortfall. That projected outlook included assumptions of no tax increases and none of the major investments that I have included in the Proposed Budget which I present to you today. My administration has worked tirelessly over the past six months to identify additional sources of revenue, without raising taxes, to fund many of our priorities while providing a structurally balanced and responsible budget. My team continues to build our foundation on sound financial management to ensure that our City is poised for future success.

To build One Richmond, we must continue to strategically invest our limited resources in the key priority areas voiced by our community. To that end, I reiterate my FY 2023 Proposed Budget focuses on:

- Investing in city employee compensation;
- Investing in our children and school system;
- Investing in our streets and roadways, sidewalks, and major bridges;
- Investing in an equitable and inclusionary government and City;
- Investing in police reform and community safety; and
- Investing in our citywide physical infrastructure and assets.

There are no quick and easy fixes. However, we must have a shared commitment in making the difficult and right choices that will put us on track to make a real difference in the lives of city residents.

My team and I look forward to working together with you in the coming weeks on this proposed budget. This is a solid and fiscally responsible plan. This is an equitable budget. This is a budget that provides some relief to critical maintenance needs of our facilities. This budget meets our obligations and leverages our resources. This is what it means to build One Richmond –inclusive, equitable, and competitive.

I am excited! I am enthusiastic about this budget and the opportunities it presents to our Richmond community.

Sincerely,

Levar M. Stoney
Mayor

CITYWIDE SERVICE LEVEL BUDGETING

A service is defined as a specific work function or combination of activities that is performed in support of a department, program, or organizational unit. Service level budgets align the services citizens expect with what the City can afford. Service level budgeting begins with the documentation of each department’s services and mandates, and is then used as part of the outcome based budgeting process. The best way to achieve the City’s strategic priorities for the long term is to align services with strategy and then make the appropriate funding decisions.

In April of 2011, the City of Richmond conducted a Citywide Services Inventory in which all city departments identified the services they provide and indicated the federal, state, or local mandates with which the services were in compliance. Each year during the budget development process, the Department of Budget & Strategic Planning has required departments to submit their budget requests based on that list of Citywide Services. Additionally, departments must also prioritize critical services related to compliance / legal mandate, Mayoral and City Council priorities, and resident benefit. The Citywide Services List consists of approximately 200 services. Each service has been placed in a Service Category. The chart and table below depict the proposed budget allocations and major expenditure percentages by Service Category.

GENERAL FUND FIVE YEAR FORECAST

Economic indicators and trends at the national, state, and local level help shape the City's five-year forecast. Understanding these indicators and their effects on City revenue accounts is critical for developing an accurate five-year forecast. While indicators are important, they are only one of three tools that outline the forecast. Historical data and statistical tools are used to identify underlying trends over time; the Commonwealth's revenue forecast and budget are also taken into account for formulating the five-year revenue forecast.

The last piece is working directly with department managers and analysts on a regular basis to accurately price-in anomalies or other major one-time revenues that would otherwise not be apparent from strictly analyzing data and figures. This three-pronged approach balances economic indicators, data trends, and account activity. The result is a regularly updated forecast with multiple data and data sources, increasing accuracy and decreasing the chances of a revenue shortfall.

As new data is released, revisions to the estimates and forecast may occur. When possible, data at the local level are compared between three groups: the City of Richmond; the surrounding counties of Chesterfield, Hanover, and Henrico; and, the Richmond Metropolitan Statistical Area (MSA). Refinements are made through the spring, including the Mayor's presentation of the proposed budget, until the budget is adopted by City Council.

Note: Some figures throughout this section may not sum due to rounding. Percent change and growth rates referenced are calculated based on the actual (not rounded) amount, which may be found in the General Fund Revenue Summary section. Also, the City is in the process of providing more current data than what is currently provided in the following pages.

GENERAL PROPERTY TAXES

Tax proceeds are the primary source of revenue for the City's General Fund. The bulk of tax revenue consists of general property taxes, which include real, personal, and business property. Tax proceeds are divided into general property taxes and other local taxes.

Other local taxes include consumer taxes (such as local option sales tax and prepared food tax), utility taxes on electric and gas consumption, state distributed taxes (i.e. communications tax), and business and other taxes.

REAL PROPERTY TAXES

Real property taxes are levied on the assessed value of the real property. Included in this category are taxes on residential and commercial property, property tax payment on public service corporations, area tax, the tax abatement for rehabilitation tax credits - a reduction to the source - and delinquent real estate taxes. The charts below illustrate the trends in assessed values of real estate and the City of Richmond real property tax rates over six years.

GENERAL FUND REVENUE DESCRIPTIONS & TRENDS

*the chart is based on calendar year and thus will be two years in arrears

Although assessed values of real property are expected to grow, the City anticipates collecting a 95 percent rate of real property taxes. The proposed budget maintains the current real estate tax rate at \$1.20 per \$100 assessed value.

Real Estate Tax Rehabilitation Credit

The Real Estate Tax Rehabilitation Credit is a tax credit against real estate taxes owed for any rehabilitation that increases the assessed value of property for a ten year period. The credit is only against the increase in value and not the entire property. Any increment above the unimproved assessed value is not taxed. The value of the improved assessed value is held constant for the life of the credit. Any gains in value from market improvements, above the original tax credit, continue to be taxed.

Personal Property Taxes

Personal property taxes includes delinquent personal property tax collections. Personal property taxes are levied on the tangible property of individuals and businesses. For individuals, this tax is primarily on automobiles and recreational vehicles. Business personal property includes motor vehicles, furniture, computers, and fixtures. Business machinery and tools are taxed separately, as permitted by law. The tax rate on all personal property is maintained at \$3.70 per \$100 assessed value.

In 1998, the General Assembly enacted the Personal Property Tax Relief Act (PPTRA) to provide tax relief for qualifying vehicles. In 2004, the State capped the tax relief reimbursement payment made to localities. Since the City's payment from the State will remain constant, changes in personal property values or the number of qualifying vehicles will adjust the percentage of actual tax relief provided. Relief rates are determined and approved by Council during the year in which the relief is provided. That is, as more individuals are approved for PPTRA, each individual will receive a smaller amount due to the fixed amount of relief.

Other Property Taxes

Other property taxes primarily consist of machinery and tools tax, with minimal revenue added by the mobile home title tax. This tax is anticipated to be flat for FY 2023 as there is no expectation of new revenue sources for this category at this time.

GENERAL FUND REVENUE DESCRIPTIONS & TRENDS

OTHER LOCAL TAXES

Consumer Utility Taxes

Consumer utility taxes are taxes paid on consumption of electricity and gas by businesses and residents as well as utility pole and conduit taxes paid by utility and public service companies. The three sources of this revenue are relatively stable from year-to-year, with little growth anticipated.

Consumer Taxes

Consumer taxes, also known as excise taxes, are paid on goods and services consumed by individuals and businesses. These sources fluctuate, responding to changes in the economy that affect citizens' disposable income. A combination of increased disposable income and increased auditing efforts can increase the revenue significantly in this category.

Consumer tax revenue is primarily generated by the local sales and use tax and the prepared food (meals) tax. Other taxes in this category are lodging (hotel) tax, admissions tax, vehicle rental tax, and the short term property rental tax.

Business Taxes

A tax on net bank capital of \$0.80 per \$100 on all banks located in the City.

Cigarette Tax

The FY 2023 proposed budget maintains the current tax on cigarette purchases of \$0.50 per pack.

LICENSE, PERMITS, AND FEES

Business, Professional, and Occupational License

Business, professional, and occupational license (BPOL) fees generate approximately 77.5 percent of all General Fund licenses, permits, and fee revenue. Growth in BPOL fees is determined primarily by existing economic conditions, much like the City's consumer or excise tax revenue.

Qualifying businesses locating to the City of Richmond for the first time are exempt from business license fees for up to two years. Although this policy has no sunset date, fees from new businesses generate on average \$100,000 per year. Existing businesses will continue to pay the current rates. Growth is anticipated from the expansion of existing and non-exempt businesses. This is a policy tool to attract new employers to the City, and it is believed that what will be lost from business license fees will at least be partially offset by additional revenue from prepared food and local sales and use tax.

Vehicle License

Vehicle license is the fee paid by vehicle owners for vehicles garaged within the City limits. Revenue derived by the source increases or decreases with the number and size of vehicles owned in the City. Continuous growth is anticipated over the next five years.

Utility Right-of-Way Fees

Utility right-of-way fees are primarily derived from construction projects requiring changes to existing utilities.

GENERAL FUND REVENUE DESCRIPTIONS & TRENDS

INTERGOVERNMENTAL REVENUE

Intergovernmental revenue is composed primarily of payments from the Commonwealth. They include:

- State Payment for Social Services
- State House Bill 599 (Public Safety Revenue)
- Reimbursement for State Shared Expenses
- All Other Intergovernmental Revenue

All other intergovernmental revenue is made up of state block grants, state payment in lieu of taxes (PILOT), and other miscellaneous state revenue.

FINES & FORFEITS

Court Fines & Fees

Court fines and fees are received from the Circuit Court, General District Court, and the Juvenile and Domestic Relations Court.

UTILITY PAYMENTS TO THE GENERAL FUND

Utility Payment in Lieu of Taxes (Utility PILOT)

Utility payment in lieu of taxes (PILOT) is charged to the City's Utility Enterprise Funds in place of general property taxes. The payment made to the City is a function of prior years' earnings, real estate values, and personal property values.

Payment for Administration and Collection Services

The City's utility enterprises rely on a number of services supported by the General Fund, including accounting, collections, and information technology support services. The utilities, in turn, pay for the cost of the services back to the General Fund at the end of each fiscal year.

Utility Dividend Payments

Utility dividend payments are determined by the City Charter and transfer 30 percent of the year's net income to the General Fund in the second succeeding fiscal year.

CHARGES FOR GOODS AND SERVICES

Based on the FY 2023 Proposed Budget, charges for goods and services consist primarily of fire and rescue services, information technology, library services, refuse collection fees, inspection fees, risk management, and recycling proceeds.

OTHER GENERAL FUND REVENUE AND RESOURCES

All other General Fund revenue include limited administrative payments from outside organizations, payments for administrative and data services, and one-time revenue such as prior year budgetary surplus (earmarked within the City's Assigned Fund Balance).

STRATEGIC MANAGEMENT & PERFORMANCE

OVERVIEW

Richmond, Virginia is poised for a vibrant period of growth and progress marked by both increased economic investment and recognition of the City's distinctive, eclectic, and continuously improving quality of life. Richmond City government is committed to playing a key role in that continuous improvement. To do that effectively, Richmond's Mayor, Levar M. Stoney, continues to transform the City of Richmond's government with bold, proactive action to build "One Richmond". Transforming our City, so that it provides the highest possible quality of life as well as educational and economic opportunities to all residents, requires a city government functioning at a high level of professional excellence, service delivery, and operational efficiency.

The City of Richmond Strategic Plan consists of the following elements:

- **Mission** - Written declaration of core purpose. What does the City do?
- **Vision** - Picture of future success. What will the City be?
- **Values** - Words that guide our perspective and actions. How do we define our culture and beliefs?
- **Priority Areas** - Strategic themes critical to the success of the mission and vision. What is our plan to accomplish the mission and vision?
- **Goals** - General description of our intended destination. What do we want to achieve in our community?
- **Objectives** - Action steps to achieve success, building blocks of strategy. What must we do to be successful?
- **Performance Measures and Key Performance Indicators** - Quantitative data or deliverable that provides an analytical basis for decision-making. What results matter most? How will we know if we are successful?

To the maximum extent possible, the Stoney Administration's Priority Areas have been aligned with City Council's Five Critical Focus Areas. It is important to note that strategic planning is a cyclical process and will be revisited annually within this organization. Items identified in one year, or by one particular administration, can change from year to year or as administrations change.

CITY MISSION

We are a professional, accountable, transparent, and compassionate government that provides exceptional municipal services.

CITY VISION

Richmond is a welcoming, inclusive, diverse, innovative, and equitable city that ensures a high quality of life for all. In other words, "**One Richmond - A city that works, and works together.**"

CITY VALUES

ACCOUNTABLE - We strive to use public resources responsibly, provide transparency, and act in the best interest of the public at all times.

COMPASSIONATE - We care about the well-being of the people we serve (citizens, visitors, workforce, etc.) and our concern inspires us in the work we do every day.

COMPETENT - City of Richmond administration and agencies must demonstrate a willingness to work together skillfully and in a timely manner.

EQUITABLE - In the interest of our residents, the City will be just and fair in its availability of opportunities for residents to improve or maintain their quality of life.

INCLUSIVE AND DIVERSE - We acknowledge the experiences of all people, regardless of race, gender identity, disability, socio-economic status, sexuality, or religion. Our City is truly One Richmond and is for everyone.

INNOVATIVE - We strive to redefine the standard of excellence in the services we provide. Therefore, we are open to ideas that challenge conventional views and drive innovation.

INTEGRITY - We strive to do what is right and do what we say we will do.

PERSEVERANCE - We demonstrate continued dedication to the public and strive for consistent and better results.

RESPONSIVE - By exhibiting conscious leadership, the City of Richmond will be receptive of public feedback and proactive in finding solutions.

MAYOR'S PRIORITY AREAS

1. Adult & Youth Education

Comprehensively promote improved educational outcomes, skill development, and demand-driven workforce readiness while pursuing strategic partnerships.

Aligns with Council Focus Area(s): Strong Futures for Children, Adults, and Families and Responsive, Accountable and Innovative Government

2. Economic Empowerment

Attract new businesses to the City, retain and expand existing enterprises, and create new opportunities for local entrepreneurs, to include minority, small, and emerging businesses. Create and retain jobs, increase household incomes, and enable thriving self-sufficient families.

Aligns with Council Focus Area(s): 21st Century Richmond: Planned Growth, Economic Progress, and Affordable Housing and Strong Futures for Children, Adults, and Families

3. Vibrant, Inclusive, & Mobile Communities

Promote neighborhood improvement, affordable housing, access to amenities, and a safe, equitable, efficient, and sustainable citywide transportation network while ensuring all those in Richmond's diverse communities experience a high quality of life.

Aligns with Council Focus Area(s): 21st Century Richmond: Planned Growth, Economic Progress, Affordable Housing, and Responsive, Accountable, and Innovative Government

4. Public Safety, Health, & Wellness

Address all issues related to public safety and population health related opportunities and challenges, including the implementation of community-oriented governance that addresses all aspects of public preparedness and operations, while providing the infrastructure and services that will ensure that all Richmonders have the opportunity to experience an exceptional quality of life.

Aligns with Council Focus Area(s): Safe Neighborhoods and Responsive, Accountable, and Innovative Government

5. Efficient & High Quality Service Delivery

Promote a well-managed government that delivers high-quality services (both internal and external) to all, thereby inspiring confidence and preserving the public trust.

Aligns with Council Focus Area(s): Responsive, Accountable, and Innovative Government, and Strategic Infrastructure Investment

THIS PAGE INTENTIONALLY LEFT BLANK

PRIORITY AREA 1: ADULT & YOUTH EDUCATION

Aligns with Council Focus Area(s):

- Strong Futures for Children, Adults, and Families
- Responsive, Accountable, and Innovative Government

Richmond needs and deserves schools in which all residents and potential residents have a sense of confidence and pride. Our community has much that can be offered to benefit our students, teachers, and schools. This Priority Area reflects the Stoney administration's commitment to improving educational outcomes, skill development, and workforce readiness in Richmond through a comprehensive approach that supports families' learning needs inside and outside the classroom.

Goal 1 - Support the Strategic Plan of the Richmond Public Schools (DREAMS4RPS)

Goal 2 - Develop lifelong learning pathways

Note: Richmond Public Schools (RPS) is a separate government entity. The School Board is Richmond's local governing educational body. The City of Richmond is part of an "education compact" that facilitates regular meetings between city agencies whose operations directly affect children and families and representatives of RPS to promote improved communication, identify opportunities for productive collaboration, and implement various projects and initiatives.

MAJOR OBJECTIVES

- Support Richmond Public Schools strategic priorities: 1) Exciting and Rigorous Teaching and Learning; 2) Skilled and Supported Staff; 3) Safe and Loving School Cultures; 4) Deep Partnership with Families and Community; and 5) Modern Systems and Infrastructure. Learn more at: <https://www.rvaschools.net/Page/5346>
- Facilitate partnerships that result in better outcomes for students and youth with tangible mutual benefits for collaborating partners
- Expand access to high-quality early childhood care and education opportunities that promote school readiness

STRATEGIC MANAGEMENT & PERFORMANCE

- Universalize access to high-quality, full-service out-of-school time opportunities, including after-school and summer learning experiences, for all Richmond Public Schools elementary and middle school students
- Increase adult literacy rates
- Expand access to adult education programming opportunities such as apprenticeships, learning additional skills, and learning new skills
- Reduce barriers to post-secondary success by addressing the accessibility of food, affordable housing, childcare, and transportation (also addressed in other Priority Areas)

PRIORITY AREA 2: ECONOMIC EMPOWERMENT

Aligns with Council Focus Area(s):

- **21st Century Richmond: Planned Growth, Economic Progress, & Affordable Housing**
- **Strong Futures for Children, Adults, and Families**

The focus of this priority area is to ensure Richmond is a vibrant city with comprehensive economic growth and opportunities for all. We promote the creation and retention of jobs and stimulation of investment in neighborhoods and businesses (including minority, small, and emerging). This Priority Area also reflects the Stoney administration's commitment to reducing poverty and achieving economic empowerment through access to assets, services and support; job skills and business management training; and opportunities for local entrepreneurs. Inclusive economic development and community wealth building strategies assure those who most need employment and business opportunities have the support needed to succeed.

Goal 1 - Increase the size and diversity of the revenue/tax base

Goal 2 - Address the generational cycle of poverty

Goal 3 - Foster and promote a supportive business environment

MAJOR OBJECTIVES

- Develop and support Richmond's diverse tax revenue base
- Support minority, small, and local business development and entrepreneurship
- Attract investment in real property and development
- Attract and retain businesses and industries, thereby creating jobs
- Support the City's efforts to fight poverty and increase employment opportunities
- Promote mixed-use development
- Increase access to workforce development programming
- Promote development through a mixture of strategies and funding sources
- Continue to implement the established vision for the growth of the City (e.g., Richmond 300, Vision 2020, etc.)
- Ensure all individuals, including the most disadvantaged, have access to and use of information and communication technologies

Equality

The assumption is that **everyone benefits from the same supports**. This is equal treatment.

Equity

Everyone gets the supports they need (this is the concept of "affirmative action"), thus producing equity.

Justice

All 3 can see the game without supports or accommodations because **the cause(s) of the inequity was addressed**. The systemic barrier has been removed.

OFFICE OF EQUITY & INCLUSION

The City of Richmond's Office of Equity and Inclusion aims to work alongside city leadership and staff, community members and partners to build a strong foundation for the collective work of advancing equity, inclusion and justice within the City's internal and external facing policies, practices, operations and overall culture. Our goal is to help generate systems-level changes that benefit all Richmonders, particularly the City's most historically marginalized communities.

MISSION

To provide guidance, facilitation, tools and resources to city leadership and staff that will increase awareness around critical concepts such as racial equity, inclusion, belonging, cultural competency, why these concepts matter and the role that each of us, as public servants, play in advancing equity and inclusion on a daily basis in Richmond. The Office of Equity and Inclusion works to increase the collective understanding of the City's role and responsibility in advancing equity within and across all city offices, departments and agencies in order to dismantle institutional racism and other oppressive elements that have been historically engrained within city policies, practices and culture and that have led to generations-long disparities along racial and economic lines within the City of Richmond. The goal is to help guide the city in purposefully and intentionally institutionalizing equity, inclusion and justice in ways that will lead to meaningful, long-term population-level outcomes across all issues areas for the City's most historically marginalized, overlooked and underserved communities, with a focus on the city's low-income and black, indigenous, immigrant and refugee populations.

OBJECTIVES

The work of the Office of Equity and Inclusion is collaborative in nature.

- To help develop a collective, cohesive understanding of racial equity, inclusion, cultural competency and belonging amongst city leadership and staff
- To help city leadership and staff better comprehend and embrace the role of government in advancing racial equity and justice
- To help city leadership and staff establish ways to effectively operationalize equity, inclusion and justice within internal and external facing policies and practices with a goal of engendering more equitable outcomes for communities and city employees
- To help create the groundwork for normalizing equity and inclusion throughout all city departments/offices so that all leadership and staff operate with an equity lens and that equity and inclusion become embedded within all city policies, daily operations and overall culture
- To help establish mechanisms for ensuring city efforts consistently center marginalized communities
- To help advance equitable city priorities, including the Equity Agenda
- To help develop tools for measuring outcomes and ensuring accountability and sustainability
- To help direct the city to tools, resources and support needed to successfully engage in long-term, systems-level equity and justice work

POVERTY MITIGATION SPECIAL EMPHASIS AREA

The five Priority Areas are intended to aid the process of aligning the actions of the City's departments and staff members with organizational goals and objectives to produce meaningful outcomes. One area in which this strategy is exemplified is the ongoing effort to reduce poverty.

Promoting social and economic inclusion of those who have been left out of our City's prosperity has been an area of special emphasis for the Stoney administration; through strategies that assure those who have the most need are provided access to opportunities and support. Mayor Stoney recalls that his father frequently would remind his kids that they were "one paycheck away from being on the street". As he took office, one in four Richmond residents lived in poverty - the second-highest concentration of indigence among Virginia's 30 largest cities and counties, according to statistics by the U.S. Census Bureau. According to U.S. Census data, 23.2 percent of Richmond residents were living in poverty in 2020 compared with 26.2 percent in 2016.

As part of the FY 2023 budget development process, City departments were asked to identify initiatives and related costs that address poverty in the City of Richmond.

The following table reflects much of what was identified by departments:

STRATEGIC MANAGEMENT & PERFORMANCE

Initiative	Brief Description	FY 2023 Amount
OFFICE OF COMMUNITY WEALTH BUILDING		
Collective Impact, Systemic Change, & Poverty Reduction Oversight	The Office of Community Wealth Building serves as the collective impact hub for an informed, energized, and aligned community of non-profits, ministries, government agencies, funders, businesses and people. We coordinate the implementation of a service delivery and philanthropic approach. We are the connector between ideas for transforming communities that are created by the people and the assets that exist in the community.	\$942,512
Workforce Development	OCWB's Workforce Development Program is a demand driven program where the needs of businesses to remain competitive and productive are aligned with the needs of participants to earn sufficient wages that enable them to sustain themselves and their families. Our goal is to prepare participants to work in occupations that are both in demand and pay wages sufficient enough to enable participants to transition off of social supports. We work with recipients of public assistance and other Richmond area residents to received training and workforce readiness services to prepare residents for employment.	\$2,650,238
Building Lives to Independence and Self Sufficiency (BLISS)	The BLISS Program provides wrap-around holistic support services to a targeted number of participants who are heads of households, to identify and overcome barriers to achieving higher levels of self-sufficiency and reduced dependence on social supports. BLISS Program provides guidance and support to all of the family members living in the household.	\$100,579
Mayor's Youth Academy	The Mayor's Youth Academy is a multifaceted effort to not only connect Richmond teenagers to summer employment, but also provide year-round support and a variety of activities aimed at promoting career and life readiness training, leadership development, exposure to entrepreneurship, mentoring, and post-secondary career exploration. The goal is to develop Richmond's future workforce into determined, successful citizens who will one day become our City's leaders.	\$420,537
Social Enterprise	Social Enterprise development involves developing, nurturing, and expanding firms of small, medium, or potentially large size that are specifically geared towards hiring persons out of poverty and often contributing to the stabilization and development of emerging neighborhoods marked by high poverty.	\$150,998
HOUSING & COMMUNITY DEVELOPMENT		
Quality and Affordable Housing Development	HCD collaborates with local providers to develop and offer quality affordable housing options for individuals and families at the lower income levels. Housing is an essential necessity that provides stability to individuals and families. First time homebuyers are afforded the opportunity to purchase a home and through that investment gain equity, which will increase and build wealth over a period of time.	Funded with ARPA
Cyber Security Program	The Cyber Security Program is a collaborative effort between HCD and the Office of Community Wealth Building (OCWB). HCD provides CDBG funding to seed the efforts in providing Cyber Security training to individuals and job placement once trained.	\$50,000
Section 3	HCD is mandated by HUD, to the greatest extent possible, to create opportunities for employment, training, and contracting and to provide funding for other economic ventures for persons who earn low or very low incomes who receive government assistance for housing, or for businesses that serve persons with low income earnings at or below 30% of the area median income.	\$50,000
Davis Bacon	HCD is mandated by the Federal Davis Bacon Act and governed by the Department of Labor to pay prevailing wages and benefits to all laborers working on federally funded development jobs.	\$—

DEPARTMENT OVERVIEW

The Department of Citizen Service and Response is comprised of RVA311 and the Office of Public Engagement. The primary responsibilities of the Department are to enable the dissemination of information, the collection of public input, enable citizens to request non-emergency services, and to analyze and report the public's input into City initiatives, citizen requests, and the City's responsiveness in fulfilling citizens' requests. The Department will ensure alignment of City departments' services with the Mayor's vision of One Richmond through robust engagement with the public, and ensure that the public has the opportunity to provide input on major City initiatives.

MISSION

To empower Richmond citizens to get their non-emergency service needs met and help City government understand and respond to the public's needs & concerns effectively, with high citizen satisfaction.

VISION

The department makes it easy for citizens to share their input into City initiatives and to submit requests through their channel of choice. CSR provides the public with the opportunity to provide input into major City initiatives. Likewise, the department makes it easy for City government to share information with the public and solicit public input.

CSR works with departments to provide citizens with clear expectations when a request is submitted, and receive timely and meaningful updates to their requests through completion. Citizen Service & Response will offer actionable insights into public feedback, input, service requests and request fulfillment to City Leadership and the public, in order to anticipate and effectively meet citizen needs.

DEPARTMENT OVERVIEW

The Richmond City Council is the official governing body of the City of Richmond and provides legal authority over it per the Richmond City Charter. In the delivery of its duties, the Richmond City Council represents city residents by creating and amending local laws, providing government policy and oversight, levying local taxes, appointing members to boards and commissions, and approving the City's annual budget. Richmond operates a Council-Mayor form of government in which the City is divided into nine voter districts. These Richmond Voting Districts include the: West End 1st Voter District, North Central 2nd Voter District, North Side 3rd Voter District, Southwest 4th Voter District, Central 5th Voter District, Gateway 6th Voter District, East End 7th Voter District, Southside 8th Voter District, and South Central 9th Voter District. Council members serve four-year terms and every two years, elect, from among its members, one person to serve as President and one to serve as Vice President.

Richmond City Council appoints and oversees six offices, which include: the Office of the Council Chief of Staff, Office of the City Clerk, Office of the City Auditor, Office of the City Attorney, Office of the City Assessor of Real Estate, and the Inspector General.

In the delivery of its duties, Richmond City Council holds an average of 12 official monthly public meetings to discuss, deliberate, and act on laws and policy on behalf of Richmond residents. These include formal meetings; informal meetings; six Council Standing Committee meetings; and Council budget meetings, special meetings, and public hearings and special events that are held on an as-needed basis.

Richmond City Council Standing Committees represent six general focus areas, which include: the Richmond City Council Finance and Economic Development Standing Committee; Education and Human Services Standing Committee; Land Use, Housing and Transportation Standing Committee; Governmental Operations Standing Committee; Organizational Development Standing Committee; and, Public Safety Standing Committee. Richmond City Council also regularly establishes and/or appoints members to serve on approximately 60 local and regional government boards, commissions, committees, and task forces to assist with providing oversight on various topics, programs and services.

MISSION

The mission of Richmond City Council is to represent citizens in creating and amending local laws, providing government policy and oversight, and approving the City's budget.

VISION

Richmond City Council is committed to creating a vibrant community that is a great place to live, work, learn, play, visit, and raise a family.

DEPARTMENT OBJECTIVES

- Represent Richmond residents in creating and amending local laws
- Establish an annual Richmond Government Budget
- Develop Richmond Government policy
- Provide oversight of Richmond Government

STRATEGIC PLAN ROADMAP

DEPARTMENT OVERVIEW

The Constitution of Virginia provides that every locality in the state must have an Electoral Board that is responsible for the conduct of all elections to public office within its jurisdiction. The Electoral Board appoints and is assisted in most of these functions by the General Registrar. While all election matters, except absentee voting and campaign finance, fall within the purview of the Electoral Board, voter registration, absentee voting, and campaign finance is the sole province of the General Registrar.

MISSION

The mission of the General Registrar's Office is to provide opportunities in an equitable and courteous manner for all qualified citizens of the City of Richmond to register to vote; to promote the integrity of the electoral process by maintaining accurate and current voter registration records used in elections; to coordinate elections so that they are conducted in a manner that secures the qualified citizen's right to vote and ensures that the results accurately reflect the voters' will; and to be an information resource for citizens regarding voter registration, elections, and elected officials.

VISION

The Electoral Board and Office of the General Registrar envision a community wherein all its citizens understand and are engaged in the selection process for the leaders who will be their voice in City, State, and Federal government.

DEPARTMENT OBJECTIVES

- To process 175,000 voter registration transactions in FY 2023
- To respond to 100 percent of Freedom of Information Act requests within five business days
- To conduct three elections in FY 2022 and three elections in FY 2023

DEPARTMENT OVERVIEW

The Mayor’s Office provides leadership and vision to all City agencies and departments. It promotes the development of strategic plans utilizing sound fiscal management. The Mayor’s Office also works with other governmental bodies, the private sector, and, most importantly, the citizens and the community to help build One Richmond.

MISSION

The mission of the Mayor’s Office is to provide vision and leadership in the creation of municipal policies and priorities. Sec. 5.01 of the City Charter states: “The Mayor shall be the Chief Executive Officer of the City and shall be responsible for the proper administration of City government.” The Mayor provides strategic direction and policy guidance to the Chief Administrative Officer and works with the City Council and other elected officials to carry out the will of the voters.

“The City of Richmond will be a professional, accountable and compassionate government that works to build One Richmond by providing exceptional services and opportunities for a high quality of life for all citizens”.- Mayor Levar M. Stoney

DEPARTMENT OBJECTIVES

- The One Richmond agenda consists of four related goals:
- Improving the quality of public education and the lives of children and families in Richmond using a holistic approach;
 - Promoting social and economic inclusion of those who have been left out of our City’s prosperity, through inclusive economic development and community wealth building strategies;
 - Promoting public safety in all our neighborhoods; and,
 - Providing high-quality public services to all residents while being wise stewards of our City’s infrastructure and natural resources.

DEPARTMENT OVERVIEW

The Office of the Deputy Chief Administrative Officer for Human Services (DCAO-HS) oversees and coordinates the direction and focus of the following City internal departments: Justice Services, Social Services, and Parks, Recreation and Community Facilities and The Office of Aging and Disability Services, The Office of Immigrant and Refugee Engagement, the Office of Children and Families, the Office of Equity and Inclusion, and The Office of Community Wealth Building. The Office also serves as the liaison to the following external quasi-independent and/or State Agencies with a Richmond City focus: Richmond City Health District, Richmond Behavioral Health Authority and the Richmond Public Library. The Office oversees the internal agencies, and ensures program accountability for meeting the health and human service needs of the City of Richmond's residents and visitors. The programs, activities and initiatives of The Office of Human Services' agencies protect and safeguard children, families and adults in need and help to build and sustain resilient communities to enhance the quality of life for all Richmond residents. The Office of the DCAO-HS works to align implementation and funding strategies across human service departments and non-departmental agencies. Areas of focus for the DCAO-HS are fostering upward economic mobility, improving the health, education and well-being indicators for children, youth and emerging young adults through comprehensive social services, sporting and outdoor activities, employment and youth leadership opportunities, family stability, and meeting the needs of seniors and persons with disabilities. The overarching objective of the office is to align the services and resolve in the portfolio, and ultimately the community at large, to support a community wealth building framework for the citizens of Richmond.

MISSION

To provide quality support and direction to agencies and programs that enhance the financial stability, health, education, and overall well-being of Richmond residents.

STRATEGIC PLAN ROADMAP

DEPARTMENT OVERVIEW

The Department of Housing & Community Development coordinates the housing and neighborhood development efforts for the City of Richmond. The department is responsible for the management of the City's federal entitlement programs under the U.S. Department of Housing & Urban Development (HUD), as well as the locally determined funds, including the Affordable Housing Trust Fund (AHTF), Non-Departmental and CIP funds to implement programs and initiatives that facilitate affordable housing opportunities and related services through housing development and preservation activities, neighborhood revitalization, and the provision of funding for homeless and other needed services, along with housing stabilization programs for low to moderate income residents. In addition, HCD works in cooperation with its community partners to stabilize and grow neighborhoods and older commercial corridors, as well as support business development and economic growth through the provision of technical assistance, loans, grants, and financial incentives programs. The creation of healthy sustainable neighborhoods and communities is the result of the efforts of HCD and its partners.

MISSION

The City of Richmond's Department of Housing and Community Development's (HCD) mission is to build strong, thriving and healthy mixed-income neighborhoods, which are comprised of safe, quality and affordable housing, as well as viable businesses that provide access to goods and services and meet the needs of all Richmonders.

VISION

Richmond is an attractive, safe, diverse and inclusive City with neighborhoods of choice. Our City's neighborhoods will be comprised of quality sustainable and affordable housing options for all residents, including low and very low income residents, and well maintained commercial corridors that offer an array of retail and professional services.

MAYORAL PRIORITY AREA/S IMPACTED

- Efficient & High-Quality Service Delivery
- Vibrant, Inclusive, & Mobile Communities
- Economic Empowerment
- Public Safety, Health, and Wellness

COUNCIL FOCUS AREA/S IMPACTED

- Strong Futures for Children, Adults, and Families
- 21st Century Richmond: Planned Growth, Economic Progress, & Affordable Housing
- Responsive, Accountable, & Innovative Government
- Strategic Infrastructure Investment

DEPARTMENT OBJECTIVES

- Provide greater access for low and very low income households to have housing options throughout the City by advocating and supporting a State and City mandated inclusionary zoning law that requires market-rate developers to include affordable housing units in all multifamily developments
- Utilizing AHTF annual funding to leverage private investment in the development of affordable housing units that provides greater access for low and very low income households to have housing options throughout the City.
- Utilize federal funding to prevent gentrification in older neighborhoods by increasing the funding for city-wide rehabilitation of single-family residential units throughout the City
- Align federal and other funding to produce additional affordable rental housing units
- Reduce blighted/vacant properties by incentivizing property owners to rehab and rent or sell to low-income households or to provide a range of financing options, including forgivable loans, to eligible low income homeowners to rehab their properties so they can stay housed
- Partner with the RRHA to redevelop Creighton Court and Gilpin Court into mixed-income communities of choice over the next ten (10) years
- Expand the location of permanent supportive, emergency and transitional housing throughout the City
- Create a Manufactured Home Park Initiative which will fund needed infrastructure upgrades and also provide down-payment assistance to existing residents to purchase new manufactured homes by collaborating with Virginia Community Capital and Virginia Housing. HCD will begin the initiative by piloting a program at one of the mobile home parks on the Southside and use the learnings to adopt the model to improve the quality of life at the remaining mobile home parks, which provide a portion of the naturally-occurring affordable housing (NOAH) in the City

DEPARTMENT OVERVIEW

The 13th District Court Service Unit is a community program of the Virginia Department of Juvenile Justice that exclusively serves the Richmond Juvenile and Domestic Relations District Court. The CSU is mandated to provide intake, juvenile probation, and juvenile parole functions for the City of Richmond. The CSU provides domestic relations intake services, criminal intake services for juvenile offenders, juvenile probation and parole communication supervision, and monitors court-ordered services for juvenile offenders. CSU operations address public safety, a strategic priority area of the City of Richmond.

MISSION

The mission of the 13th District Court Services Unit (CSU) is to protect the public through a balanced approach of accountability and comprehensive services that prevent and reduce delinquency through partnerships with families, schools, communities, law enforcement, and others while providing opportunities for delinquent youth to become responsible and productive citizens.

VISION

To protect the public by preparing court-involved youth to be successful citizens. We strive in all work to meet the needs of our youth and staff in the areas of safety, connection, purpose, and fairness.

DEPARTMENT OVERVIEW

The general district court decides civil cases in which the amount in question does not exceed \$25,000. Civil Cases vary from suits for damages sustained in automobile accidents to suits by creditors to receive payment on past due debts. In Virginia, claims for \$4,500 or less can be initiated only in general district courts. a separate small claims division has jurisdiction over civil actions when the amount claimed does not exceed \$5,000.

MISSION

The mission of the Judiciary - Civil Court is to contribute to an orderly society by providing speedy and equitable justice to individuals charged with offenses against State and City laws, and by encouraging respect for the law and the administration of justice.

VISION

To continue providing services to the citizens of the City of Richmond, and Commonwealth of Virginia, according to statutes that govern actions in the General District Courts.

DEPARTMENT OVERVIEW

The Commonwealth's Attorney's Office prosecutes all levels of criminal and traffic offenses committed in the City of Richmond, with prosecutors and staff dispersed among the Manchester, John Marshall, and Oliver Hill Courthouses. Our jurisdiction includes all adult offenses as well as those committed by and against juveniles. We prioritize investigations of violent offenders and attempt to strategically prosecute them whenever possible.

MISSION

The Office's mission is to protect the safety of the community and the rights of all citizens through the vigorous enforcement of the criminal laws in a just, honest, compassionate, efficient, and ethical manner. We work to protect the innocent, to convict and appropriately punish the guilty, and to protect the rights of victims and witnesses.

VISION

Through strong collaboration with our federal partners, Virginia Commonwealth University, and the Department of Probation and Parole, the Office utilizes a multi-agency approach to target violent predators for immediate removal from the community.

RICHMOND PUBLIC SCHOOLS

Usually contained in this section is the budget for Richmond Public Schools, as approved by the School Board. For FY 2023, the Richmond Public School Board did not pass or provide a budget in a timely manner. The City of Richmond's FY 2023 Proposed Annual Fiscal Plan recommends a level General Fund appropriation of \$185,307,625 to Richmond Public Schools. In the Non-Departmental Fund, a contingency for reserve of \$15,000,000 has been placed for future consideration. This page will be updated for the adopted budget.

NON-DEPARTMENTAL

DEPARTMENT OVERVIEW

The Non-Departmental appropriation includes funding for charitable donations, internal governmental expenses, organizational subsidies, and economic development incentives that either span several departments or are not department-specific.

Non-Department programs and activities include funding to state, local, and regional governments that provide services to the City of Richmond. Additionally, funding is provided to community agencies and organizations, which enhance the quality of life in the City of Richmond and the region.

Several of the entities funded in this category reflect the City's contribution to regional efforts with surrounding counties. This category includes funds for the Greater Richmond Transit Company (GRTC), Richmond Region Tourism (formally the Richmond Metropolitan Convention and Visitors Bureau), Richmond Ambulance Authority (RAA), Greater Richmond Convention Center Authority (GRCCA), and Richmond Behavioral Health Authority (RBHA).

BUDGET HIGHLIGHTS

The proposed FY 2023 budget reflects funding to specific organizations. The budget includes an increase in funding for the Eviction Diversion Program, the creation of the Children's Fund, an increase to GRTC, and a one-time payment to the Economic Development Authority (EDA) for the loan for The Black History Museum & Cultural Center of Virginia, Inc.

This budget also maintains funding of \$1.4 million for the City's annual required contribution for Other-Post Employment Benefits (OPEB) for a total contribution.

DEBT SERVICE FUND

DEPARTMENT OVERVIEW

The Debt Service Fund is used to manage the City's short and long-term debt. Revenue to cover the Debt Service Fund's expenditures comes largely from General Fund transfers to the Debt Service Fund, as well as transfers made by other governmental entities.

MISSION

The Debt Service Fund is used to pay General Government debt service on time and in accordance with the City's charter, the State Public Finance Act, and the City's self-imposed debt policies.

DEPARTMENT OBJECTIVES

- To maintain the highest possible credit ratings for all short and long term General Obligation debt by making timely debt service payments
- To keep outstanding debt within limits prescribed by City Council adopted Debt Management Policy (resolution 2017-R088) and at levels consistent with its creditworthiness objective
- To maintain that the amount of tax-supported debt service will not exceed ten percent (10%) of the total budgeted expenditures for the General Fund, Richmond Public Schools, and the Special Fund for Highway and Street Maintenance

BUDGET HIGHLIGHTS

Mayor's Proposed Budget:

As in prior years, in 2023 the City anticipates receiving Federal interest reimbursement on two Build America bonds which financed schools construction in 2010- 2012. The City also has budgeted to receive reimbursement from the Economic Development Authority (EDA) to be applied toward curtailing debt issued to finance the Stone Brewing Project. Debt issued as a HUD Section 108 Note is repaid from an allocation of CDBG funds. More information on the City's CIP and debt policies can be found in the Capital Improvement Plan section of the budget.

GENERAL FUND TRANSFER TO DEBT SERVICE & CAPITAL

DEPARTMENT OVERVIEW

The General Fund Transfer to Debt Service & Capital includes the City's general fund costs to the City's Debt and Capital Improvement Plan (CIP) funds. This departmental funding includes funding from the meals tax revenue for school construction projects - annual debt payment made on \$150 million GO Bonds issued in 2019 and 2020 - that will be transferred to the Debt Service Fund.

MISSION

General Fund transfer to the Debt Service Fund and Capital Improvement Program provides General Fund support to meet the debt service payments for both short- and long-term debt as authorized by ordinances adopted by the Richmond City Council.

DEPARTMENT OBJECTIVES

- To finance capital projects of the City which serve all citizens' concerns and needs in the community

DEPARTMENT OVERVIEW

Advantage Richmond Corporation (ARC) was established in 2005 to acquire, construct, renovate, equip, operate, and maintain public buildings and other public structures and properties for or on behalf of the City and to, when appropriate, provide financing for such activities. Currently, the ARC leases Marshall Plaza to the Richmond Department of Social Services.

MISSION

The mission of the Advantage Richmond Corporation is to assist the City in the acquisition, management, and maintenance of public facilities.

BUDGET HIGHLIGHTS

Mayor's Proposed Budget:

Advantage Richmond Corporation (ARC) was established in 2005 to acquire, construct, renovate, equip, operate, and maintain public buildings and other public structures and properties for or on behalf of the City and to, when appropriate, provide financing for such activities. In October 2020, the ARC lease of Marshall Plaza to the Richmond Department of Social Services was fulfilled. Subsequently, ARC was legally dissolved and as a result there is no funding for the FY 2023 Proposed Budget. DSS will now cover the facility operational costs as part of their general fund allocation.

The Department of Public Utilities is a major regional provider of utility services. This objective represents a regional cooperative venture successfully operating in the metropolitan area. Our ability to provide continued and enhanced services improves the economic forecast for the City as well as the region. DPU will continue to seek opportunities to meet the ever-changing demands of this growing metropolitan area through the provision of quality utility services.

Regulatory

Regulatory requirements at the Federal and State levels represent one of the drivers for continued escalating capital investment and improvement projects. These are major factors in the Water, Stormwater and Wastewater Utilities and are significant for the Gas Utility. The Safe Drinking Water Act, the State Health Department requirements and the Enhanced Surface Water Treatment Rules regulate the Water Utility. The Stormwater Utility is regulated by the Clean Water Act, the Chesapeake Bay Protection Act, the Erosion and Sediment Control Regulations, regulations of the Secretary of the Army for floodwall operations, and the Municipal Separate Storm Sewer System Permit all regulated by the Commonwealth's Department of Environmental Quality. The Wastewater Utility is regulated by the Clean Water Act, Virginia State Water Control Law and the Virginia Pollutant Discharge Elimination System permit with the Commonwealth's Department of Environmental Quality and the implementation of the Environmental Protection Agency's requirements to reduce Combined Sewer Overflow (CSO) discharges to the James River. For the Natural Gas Utility, compliance with the U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration (PHMSA) regulations for Distribution Integrity Management Programs (DIMP) will guide Operations & Maintenance and capital reinvestment into the future.

Infrastructure

Richmond, like other older urban communities throughout the country, has an aging infrastructure. Gas mains, water mains, storm sewer lines, and sewer lines underneath our streets serve many areas of the City. Because DPU must ensure that it can continue to safely provide reliable and quality utility services, it has the responsibility to continue to actively invest in the maintenance, upgrade and replacement of the facilities, distribution and collection systems.

Commitment to the Community

The Department of Public Utilities continues its community education program to enhance customer understanding of key aspects of utility services and provide information that will help them manage their utility bills. During the FY2016 - FY2020 heating season, DPU's Natural Gas MetroCare Program distributed \$97,134 in heating assistance to 251 families throughout the Richmond Metropolitan Area. During the FY16 - FY20 period, the Water Metro Care Financial Assistance Program distributed \$327,043 for assistance in paying water bills to 954 families in Richmond.

MISSION

The mission of the Department of Public Utilities (DPU) is to provide safe and reliable utility services while creating exceptional value. DPU provides natural gas, water, wastewater, stormwater, and electric street-lighting services in an environmentally and financially responsible way, protecting the public's interest. The fulfillment of our mission is intended to benefit both our customers and employees, and enrich the quality of life in the City of Richmond and beyond.

DEPARTMENT SERVICES

The Department of Public Utilities is composed of five separate utilities: Gas, Water, Wastewater, Stormwater, and Electric. Each utility operates on a self-sustaining basis, as required by the Charter of the City of Richmond.

Gas Utility

The gas utility is a municipally owned local distribution company that provides gas service to the City of Richmond, Henrico County, and portions of Chesterfield and Hanover counties. The utility serves approximately 118,000 residential, commercial and industrial customers via approximately 1,936 miles of pipeline. Of the 1,936 miles of gas mains, about 11% are cast iron and ductile iron, 23% are steel and the remaining 1,273 miles, or 66%, are polyethylene plastic. In addition to supplying gas to customers, the utility purchases the gas from national suppliers, operates and maintains the eight custody transfer facilities connected to the interstate pipelines, installs and maintains gas mains, and provides routine and emergency services.

A major infrastructure need exists in the Gas Utility. Many sections of the cast iron gas distribution system are in need of replacement based on Distribution Integrity Management Program calculations. In the Gas Utility Master Plan there is a 40-year program (1992-2032) underway to replace all of the old cast iron mains in the system with high-density polyethylene (HDPE) pipe and coated steel welded pipe. The Gas Utility began operations in the early 1850's when manufactured gas, created from heating coal at the 15th and Dock Streets facility, was distributed through cast iron pipes to the downtown area for streetlights. That facility, the Fulton Gas Works, is currently undergoing Brownfield remediation to return the property to its highest and best use in the Fulton community.

Because of DPU's renewal program, DPU has seen a decrease in the number of leaks that occur in the system. DPU repairs or eliminates approximately 1,000-1,300 gas leaks (Classes 1, 2, and 3) annually; however, DPU has an annual backlog of approximately 439 Class 2 leaks that will be scheduled for repair. (Class 1 leaks are leaks that represent an existing or probable hazard to life or property and require immediate repair. Class 2 leaks are leaks that are recognized as non-hazardous at the time of detection, but justify a scheduled repair. Class 3 leaks are leaks that are non-hazardous at the time of detection and can be reasonably expected to remain non-hazardous.)

Water Utility

The water utility provides retail water service to approximately 65,500 customers in the City of Richmond and wholesale water service directly to Henrico, Chesterfield and Hanover counties, and indirectly to Goochland and Powhatan counties. Current rating capacity for the Water Treatment Plant is 132 Million Gallons per Day (MGD); average consumption is 60 MGD with summer peaks of approximately 90 MGD, and operates in total compliance with the Safe Drinking Water regulation. The distribution system consists of approximately 1,000 miles of mains, nine pumping stations, one reservoir, and ten ground and/or elevated water storage tanks. This service includes the treatment and distribution of water. In addition to supplying water to customers, the water utility provides water for fire protection throughout the City, installs and maintains fire hydrant water valves and water mains as well as provides routine and emergency services.

DPU is continuously renewing Richmond's water mains and has a multi-year program to renew its water distribution system based on pipe material, failure history and other factors to ensure a water system that meets all regulatory requirements for water pressure, fire protection and water quality. Over 650 miles of mains have been identified for renewal and DPU has planned to replace approximately 10 miles of main each year.

Wastewater Utility

The Wastewater Utility provides wastewater collection and treatment for approximately 62,000 customers in the City of Richmond, as well as small portions of Chesterfield and Henrico Counties. In addition, the City provides wholesale

service to Goochland County. The wastewater treatment facility is permitted for 45 MGD dry weather and operates at flows greater than 75 MGD wet weather and it provides tertiary treatment including removal of the nutrients nitrogen and phosphorus. The wastewater treatment facility recently underwent a complete renovation of its processes to produce cleaner water than required by the Chesapeake Bay Act.

The collection system consists of two defined systems (the sanitary sewer collection system and the combined sewer collection system (CSS). The sanitary sewer collection system consists of four sanitary pumping stations, a network of over 125 miles of intercepting sewer lines, and roughly 478 miles of separated sanitary sewer lines. This makes up approximately 1/2 of the system. The CSS has combined sewer overflow control facilities and another 524 miles of collection lines to complete the service area of the City of Richmond. The sanitary sewer collection system (1,000 miles) is a major piece of infrastructure found in the Wastewater Utility and DPU is faced with the need to rehabilitate a significant amount of the sewer system each year.

Our standard is to maintain compliance with all regulations that allow the treated water from the City, that is released back into the James River, and the bio-solids (treated sewage sludge), applied to agricultural lands, to be reused.

Stormwater Utility

The Department implemented a Stormwater Utility in July 2009 to manage the stormwater that runs off the properties of city residents and business owners. Funding is used to implement a comprehensive stormwater quality management plan to comply with federal and state mandates. The Utility also provides the design and construction of new and replacement infrastructure for the aging storm sewer system.

The Stormwater Utility maintains approximately 35,000 catch basins, 600 miles of ditches, and 180 miles of storm sewer pipe. The goals of the Stormwater Utility are to protect people and property from flood hazards, prevent infrastructure failures, improve water quality by reducing non-point source pollution, prevent stream bank erosion, and collect, transport, and treat stormwater runoff in the separate storm sewer and combined sewer systems. In addition, the Erosion and Sediment Control Program, Chesapeake Bay Protection Program, Mosquito Control programs, and the floodwall, including its levees and canal systems, are all operated and funded within the Stormwater Utility.

The Stormwater Utility also administers the federally mandated industrial source control and pollution prevention program.

Electric Utility

The Electric Utility purchases electricity from Virginia Power and distributes it to over 37,000 streetlights in the municipal system. The Electric Utility installs, maintains, and operates the streetlight infrastructure and five substations throughout a majority of the city. It contracts with Virginia Power to operate and maintain approximately 6,000 streetlights in the southwest area of Richmond. The goal of the electric utility is to provide safe streets for vehicular traffic.

UTILITIES RATES

The following rate increases are proposed for FY 2023:

Gas Utility - FY 2023 = 4.0%

The average monthly residential gas bill will increase by \$3.79 in FY 2023.

Water Utility - FY 2023 = 3.5%

The average monthly residential water bill will increase by \$1.30 in FY 2023.

Wastewater Utility - FY 2023 = 5.25%

The average monthly residential wastewater bill will increase \$3.38 in FY 2023.

PUBLIC UTILITIES

Stormwater Utility - FY 2023 = 8.75%

The average monthly residential stormwater bill will increase \$0.39 in FY 2023.

DEPARTMENT OBJECTIVES

- To improve utility service delivery
- To expand the sustainable environment
- To improve operational efficiencies

BUDGET HIGHLIGHTS

Mayor's Proposed Budget:

Personnel: This budget includes funding for all positions identified within the “Personnel Complement/Position Control” table, as well as adjustments in healthcare expenses, retirement expenses, and increases to a \$17.00/hour minimum wage, if applicable. Additionally, this budget includes a five percent (5%) salary increase for all eligible, permanent full and part-time positions.

This budget preserves the ability for the Department of Public Utilities to recruit positions based on historical attrition and turnover rates - within proposed funding levels

Operating: This budget includes all operating and capital needs for DPU to continue to provide safe and reliable utility services at the lowest possible rates.

DEPARTMENT OVERVIEW

The Richmond Retirement System (RRS) was first established in 1945 by the Richmond City Council and reestablished by the acts of the Virginia General Assembly in 1998, 2005, and 2010. The RRS administers the Defined Benefit and the Defined Contribution 401(a) plans for approximately 10,000 members, retirees, and beneficiaries under provisions outlined in both the Richmond City Charter (5B.01) and Chapter 22 of the City of Richmond code. One employer, the City of Richmond, and its component unit, the Richmond Behavioral Health Authority, participate in the RRS on behalf of their employees.

MISSION STATEMENT

The mission for the Richmond Retirement System is to deliver timely and effective communications and retirement services with integrity and professionalism to its members, its Board of Trustees, City officials, Departments, and City Council.

VISION STATEMENT

Our vision is to be a recognized leader in pension fund management and administration; the standard by which others measure their progress and success. Every employee of the Richmond Retirement System (RRS) displays a devotion to maintaining excellence in public service and embraces the highest standards of excellence, accountability, dependability and integrity. All participating employers, along with active, former, and vested members, should take pride in knowing that the RRS provides the best retirement services available and is an exemplary steward of their pension funds.

STRATEGIC PLAN ROADMAP

Administer retirement plans for employees of the City of Richmond and Richmond Behavioral Health Authority; govern and invest assets to deliver retirement benefits.

CAPITAL IMPROVEMENT PROGRAM

BACKGROUND

The City continues to emphasize the importance of addressing its infrastructure needs while also investing in neighborhood projects and improvements. The Capital Improvement Program (CIP) is used to invest in and develop capital projects strategically. A project that is included in the capital budget is broadly defined as requiring the expenditure of public funds for the purchase, construction, enhancement, or replacement of physical infrastructure/assets.

To be included in the CIP, a project should cost more than \$25,000 and must have an expected useful life greater than the life-span of any debt used to fund the project. Projects include improvements to roadways, sidewalks, and bikeways; improvements to neighborhood parks, libraries and recreational facilities; construction and major renovations of schools and other city facilities; economic development activities; acquisition of property; and the efficient operation of the water, sewage and gas systems. Other costs associated with the capital budget include, but are not limited to, architectural and engineering fees and site development.

In line with the practices of a well-managed government and charter requirements, the city uses a long range planning process to develop a five-year CIP. Each capital project included in the five-year program has been recommended for additional or new funding in the first fiscal year of the plan and/or included as a planned project in the subsequent four fiscal years. Because of the multi-year nature of the CIP, it is a “living” document that outlines the project's past and future. For example, as a project is developed, the amount and timing of expenditures may allow budget appropriations to be moved out in the CIP or require that the appropriations be accelerated and the budget amount increased or decreased. Therefore, detailed analysis is conducted each year to ensure that the appropriate levels of spending and types of spending by project are understood and captured in the CIP.

GUIDING PRINCIPLES

For the CIP included in this budget, the City employed the fundamentals of outcome-based budgeting in evaluating and recommending projects and funding. These basic principles include:

- Begin the process with departments closing and/or updating prior year capital projects and identifying new capital or funding needs;
- Identify and develop capital needs based on citizen, legislative, and administrative priorities and regional issues;
- Recommend a CIP that completes existing projects and appropriately funds new projects or costs within available funding levels;
- Continue fiscal processes to require that pay-as-you go revenues or other bond facilities are budgeted in a manner that maximizes their use first;
- Ensure management of assets in keeping with best practices while preserving the existing tax base; and
- Position the City for the future through good financial stewardship and by outlining a realistic CIP plan within existing resources.

To guide the CIP decision-making process, projects, both new and existing, were evaluated on the degree to which they meet the following objectives or criteria:

- Address health concerns, safety or emergency needs;
- Ensure basic infrastructure is maintained and improved so that the useful life is maximized;
- Meet a legal or contractual obligation or federal or state mandate;
- Leverage outside funding including federal, state, regional or private funding;
- Result in unacceptable outcomes if the project is deferred;
- Enjoy broad community support; and
- Support the priority initiatives included in one or more of the City's seven focus areas

SUMMARY OF CIP FUNDING AND MAJOR CIP PROJECTS

The Proposed General Fund CIP totals \$627.0 million for FY 2023 - 2027. Of that amount, \$98.5 million is included in Fiscal Year 2023

FY 2023 - 2027 Proposed Capital Improvement Plan: Funding by Category

The city’s top priorities of schools and roads are recommended to receive 71.7 percent of the proposed funding. Funding for school modernization, maintenance, and new construction is funded at \$212.5 million. Transportation infrastructure is funded at \$237.2 million. This includes funding for complete streets at \$59.4 million; major bridge improvements at \$6.5 million; improvements to major thoroughfares such as Hull Street funding at \$18.6 million. Funding to build the Enslaved African Heritage Campus, and to address public art totals \$29.0 million. Maintenance of city facilities totals \$83.6 million, and maintenance and replacement of the city’s fleet totals \$54.5 million. The Capital Planning Program provides funding for planning and design of new city facilities and totals \$10 million.

DEBT MANAGEMENT POLICIES

A key component of the CIP is the availability of debt capacity to finance CIP projects. A review of the City’s debt management policies resulted in a request to City Council to revise the policy. These policies and guidelines establish parameters for the planning, issuance, and management of debt. The following summarizes the revisions to the policies recently adopted:

- The amount of tax supported debt service will not exceed ten percent (10%) of the total budgeted expenditures for the General Fund and Richmond Public Schools plus the non-local portion of the recurring special funds for Street Maintenance.
- The City will not incur tax supported general obligation debt in excess of three and three quarter percent (3.75%) of its total taxable assessed values;
- Tax supported general obligation debt will be structured in a manner such that not less than 60% of the outstanding debt will be retired in 10 years;
- The City will issue debt with an average life that is consistent with the useful life of the project with a maximum maturity of 30 years; and,
- The City will strive to provide cash funding for a portion of the five-year CIP.

CAPITAL IMPROVEMENT PROGRAM

As part of the debt management policy update, several changes have been incorporated into the CIP's debt management strategy. These strategies are in keeping with other well-managed governments within the Commonwealth, particularly those rated Triple-A by the three rating agencies. The Proposed debt utilized in funding the FY 2023 - FY 2027 Capital Improvement Program is within each of the limitations described above.

FUNDING THE CAPITAL IMPROVEMENT PROGRAM

Funding Source	Description
Bonds (Debt)	The City's debt is defined by the sources of repayment, general fund supported debt service and non-general fund supported debt. General fund supported debt is pledged to be repaid from tax revenue and is referred to as general obligation or G.O. bonds. Other self-supported debt, which is typically issued for utilities and communications projects, is intended to be repaid from revenue derived from other sources, such as fees or user charges.
Special Revenue Funds	These are direct cash contribution to specific CIP projects directly related to the special fund.
Bon Secours Cash Funding	This is a cash contribution from Bon Secours Health System resulting from an agreement between Bon Secours and the City relating to the Washington Football Team Training Camp.
Transportation Alternative Funds (TAP)	These are federal funds allocated on a competitive basis by the Commonwealth for projects related to pedestrian, bike, trails, historical and scenic improvements to the transportation network. Funding requires a local 20 percent match.
Congestion Mitigation and Air Quality Improvement Program (CMAQ)	This is a federal grant program for transportation projects with an aim to improve air quality passed through the State to the municipality via a statutory formula based on population and air quality classification as designated by the Environmental Protection Agency (EPA). These funds are budgeted to specific projects through the federally-mandated regional Metropolitan Planning Organization or MPO.
Highway Safety Improvement Program (HSIP)	This is a core federal-aid program with the purpose to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned roads and roads on tribal land. The HSIP requires a data-driven, strategic approach to improving highway safety on all public roads with a focus on performance.
State of Good Repair (SGR)	This program provides funding for deteriorated pavements and Poor Condition -- structurally deficient * (SD) -- bridges owned or maintained by the Virginia Department of Transportation (VDOT) and or localities, as approved by the Commonwealth Transportation Board (CTB).
State Smart Scale	SMART SCALE is a statewide program that distributes funding based on a transparent and objective evaluation of projects that determines how effectively they help the state achieve its transportation goals.
Central Virginia Transportation Authority (CVTA)	The Central Virginia Transportation Authority is a newly-created authority in central Virginia that provides new funding opportunities for priority transportation investments across the region. The Authority will administer transportation funding generated through the imposition of an additional regional 0.7 percent sales and use tax (revenue collection begins October 2020) and a wholesale gas tax of 7.6 cents per gallon of gasoline and 7.7 cents per gallon of diesel fuel (revenue collection begins July 2020).
Revenue Sharing	The Revenue Sharing Program provides additional funding for use by a county, city, or town to construct, reconstruct, improve or maintain the highway systems within such county, city, or town and for eligible rural additions in certain counties of the Commonwealth. Locality funds are matched, dollar for dollar, with state funds, with statutory limitations on the amount of state funds authorized per locality.
MPO RSTP	Regional Surface Transportation Program funds provided to metropolitan planning organizations.
Pay-As-You-Go-Funds (Cash)	This is revenue allocated as a direct cash contribution.
Other Funding Sources - Prior Appropriations	These dollars represent debt appropriations formerly allocated to other Capital Projects that have either been (1) completed under budget, or (2) discontinued.

CAPITAL IMPROVEMENT PROGRAM

PROJECT CATEGORY DESCRIPTIONS

Category	Description
General Fund Supported Projects:	
Capital Planning Projects	This project provides funding for advanced planning and design of future capital projects.
Capital Investment Opportunities	These projects may provide funds for public infrastructure improvements designed to enhance and support private sector investments in a variety of neighborhood and commercial areas of the City, resulting in improved quality of life, cultural enrichment and increased tourism.
Capital Maintenance Program	Improve the City's public buildings infrastructure by providing adequate maintenance and construction of new and updated facilities.
Capital Transportation Program (Federal/State/Regional funding)	Improve the City's roadway infrastructure system and satisfy the Commonwealth of Virginia's mandate regarding the Urban Roadways Program. This encompasses improvements to primary and secondary vehicular passageways, bridges, sidewalks, street lighting, signalization, safety, and other street and highway related projects. These projects are funded primarily by federal and state transportation grants.
Capital Transportation Program (G.O. Bond funding)	Improve the City's roadway infrastructure system and satisfy the Commonwealth of Virginia's mandate regarding the Urban Roadways Program. This encompasses improvements to primary and secondary vehicular passageways, bridges, sidewalks, street lighting, signalization, safety, and other street and highway related projects. These projects are funded primarily by general obligation bond (G.O. bond) debt.
Capital Vehicle & Equipment	Upgrade and maintain the City's vehicular inventory by providing funding for the purchase and maintenance of new and existing vehicles and related equipment.
Education	Enhance the educational infrastructure of the City to improve instructional service delivery. These projects are most likely to be school-related activities, but can be any educational capital-type project. This area includes construction projects to improve, replace, or build new elementary, middle, and high school facilities. Related funds for the acquisition of property and designs are also included.
Non-General Fund (Utility) Supported Projects:	
Gas Utility	Improve the gas infrastructure system and perpetuate economic vitality.
Stormwater Utility	Improve the stormwater infrastructure system, including miscellaneous drainage improvements, system repairs and rehabilitation, system cleaning, and drainage studies, in neighborhoods citywide.
Wastewater Utility	Improve the wastewater infrastructure system, including the operation and maintenance of collection sewers, pump stations, and sewer force mains.
Water Utility	Improve the water infrastructure and perpetuate economic vitality.

PROJECT INFORMATION

Category	Description
Capital Improvement Funding Breakdowns	
Capital Improvement Program Funding Sources	Lists the sources of revenue the City uses to fund capital projects.
Capital Improvement Program Uses of Funds	Lists the projects adopted in the first year of the five-year plan.
Capital Improvement Program Five-Year Program Summary	A summary of the five-year plan including all projects planned and/or approved in the adopted year and the four planned years.
Project Pages	
Project Detail by Project Category	Projects shown on the five-year plan are listed individually with a description, history and key milestones, and a detailed financial breakdown.
Project Title	Provides a descriptive name for the project.
Category	Identifies the category in which the project is grouped (Education, Capital Investment, etc.).
Department	Identifies the City department that functions as the key liaison for the project.
Location	Identifies the physical location of the project by council district. For generalized projects impacting multiple or all council districts, the location is identified as Citywide (CW) .
Priority Area	Identifies which priority area(s) the project supports. These include: Adult and Youth Education / Strong Futures for Children, Adults, and Families; Public Safety, Health, and Wellness / Safe Neighborhoods; Economic Empowerment / Planned Growth, Economic Progress, and Affordable Housing and Responsive, Accountable, and Innovative Government; Efficient and High-Quality Service Delivery; and Vibrant, Inclusive, and Mobile Communities.
Award (#) Number	Financial account used to track project expenditures.
Project (#) Number	Financial account used to track project expenditures.
Description & Scope	Provides a brief and informative description of the project.
History & Key Milestones	Provides a brief and informative overview of the project's history and key milestones that will be used to measure the progress of the project.
Funding Sources	Indicates the type of funding source for the project (G.O. Bonds, Federal, etc.).
Financial Summary	The financial summary provides detailed information on the amounts appropriated for the project. This section is detailed below.
Financial Summary - Project Pages	
FY 2023 Proposed	Indicates the Proposed amounts for the project. Amounts listed in FY 2024 - FY 2027 are planned amounts for the project in the upcoming years.
FY 2022 Adopted	Indicates amounts that were approved for the project when the budget was authorized in the previous fiscal year.
Change	Calculates the difference between funding in the FY 2023 Proposed CIP and the FY 2022 Adopted CIP.
Operating Budget Impact	Indicates an on-going operating budget expense once the project is complete. These expenses will not be paid from the capital budget.
Prior Year Funding	Indicates the dollars previously contributed to this project through previous budget appropriations.
Prior Year Available	Indicates the portion of funding remaining from the prior year funding as of December 31, 2021.
Remaining Need	Indicates the additional amount of capital funding needed to complete the project beyond the prior year funding, and the sum of the five-year Adopted funding.
FY 2023 Budget Distribution	Amounts indicated are a projection of how funds will be spent in the first year of funding.
TBD: A "To Be Determined" (TBD)	This is a placeholder that is used for projects that have been identified as priorities based on the City's guiding principles and project areas. Costs for these projects will be determined at a later time. These TBD costs may be located in either the first year of the FY 2023 budget year or in the out-years of the five-year CIP.

OPERATING IMPACT OF MAJOR CIP PROJECTS

The Departments are requested to assess the impact new projects may have on future operating costs. Not all projects have quantifiable measurements even if greater efficiency or effectiveness is the expected result. Also, some projects may be undertaken due to the need for enhanced health and/or safety factors. The operating costs of a project, and any savings resulting from the project, are captured in the Operating Budget. The City carefully considers all potential operating impacts before including a project in the five-year plan. These considerations are also included in the City's five-year forecast.

GRANTS AND SPECIAL FUND SUMMARIES

SPECIAL FUND BUDGET

Special Funds are designed to account for revenues appropriated for a specified purpose, that are generally restricted in some way, and that require segregation into separate funds for accounting purposes, with the exception of major capital projects. Special Funds are primarily derived from user fees, assessments, and grants, rather than property taxes, and are appropriated either at the time the Fiscal Plan is adopted by City Council or through mid-year ordinances approved by City Council. The fiscal year (FY) 2023 Special Funds that follow are proposed to City Council.

The City’s total Special Fund Budget for FY 2023 is \$115,621,657. Subsequent charts provides detail of the Special Funds.

ADULT DRUG COURT

The objective of Project Step Up and Out is to provide nonviolent, multiple offense addicts a supported, stepped transition from jail to the street, stabilizing RADTC participants economically and socially before beginning the RADTC out-patient program. With no lapse in treatment during the transition process, project participants spend more time and have more contact with treatment professionals, with less time in risky, unstable surroundings. The anticipated outcomes will include longer spans in treatment, lowered recidivism rates, and increased RADTC graduation rates for Project Step Up & Out participants.

ANIMAL CARE & CONTROL

This special fund provides for the City's dog and cat annual license program. The funding is provided by city residents obtaining a license for their pet as required by city and state regulations. License funds can only be used for the salary and expenses of the animal control officers and necessary staff, the care and maintenance of a pound, the maintenance of a rabies control program, payments as a bounty to any person neutering or spaying a dog up to the amount of one year of the license tax as provided by ordinance, payments for compensation as provided in state code 3.2-6553 and efforts to promote sterilization of dogs and cats. Any part or all of any surplus remaining in the fund on December 31 of any year may be transferred by the governing body of such locality into the general fund.

BUDGET DOCUMENT DIGEST

THE BUDGET PROCESS

The City of Richmond utilizes an annual financial plan that encompasses one fiscal year. The annual fiscal year begins July 1 and ends June 30. The policies that govern the City of Richmond budget process are derived from Chapter 6 (Budgets) of the City Charter as amended through 2006, along with the Code of Virginia Chapter 25 - Budgets, Audits, and Reports. The following provides an overview of the City's budget process.

BUDGET FORMULATION

The annual budget process commences in the late summer/early fall, closely following the implementation of the current year's adopted budget, and continues through the final budget adoption in May. The budget calendar is the first step in the development process. It establishes the timelines for the budget formulation process, including dates for submission of focus area initiatives, agency expenditure requests and revenue estimate submissions, budget work sessions, and public hearings that will lead to the final adoption of the budget.

The budget process is designed to incorporate a rigorous internal review of each agency's budget and to allocate resources across focus area initiatives and agency programs based on a thorough examination of program alternatives and justifications. Each initiative and program is reviewed by the City's budget staff, the Chief Administrative Officer, the Mayor, and the City Council.

On the date fixed by City Council, the Mayor submits a proposed annual operating budget, or amendments to the existing approved biennial plan, for the fiscal year commencing July 1 to the City Council. The budget, delineated by fund, includes the proposed expenditures and the revenue sources needed to finance them.

Following budget submission by the Mayor and public hearings held by City Council, the budget may be amended by Council within the limitations prescribed in the City Charter. The budget is adopted by Council no later than May 31 and becomes effective on July 1. The Adopted Budget document may include technical changes made after the Mayor's presentation of the Proposed Budget to the City Council.

Appropriations for the General, Public Schools, Internal Service Funds, and Enterprise Funds lapse at fiscal year-end, except appropriations that have been encumbered in order to account for certain expenditure commitments. Appropriations for Capital Project Funds and Special Revenue Funds are continued until the completion of the applicable project or grant, even when the project or grant extends beyond the end of the fiscal year.

BALANCED BUDGET REQUIREMENT

For any fund, the total of proposed expenditures shall not exceed the sum of estimated revenue plus carried forward fund balance. The same requirement applies to the budget adopted by City Council.

BASIS OF BUDGETING AND ACCOUNTING

A budget is a formal document that enables the City to plan for the future, measure the performance of City services, and help the public to understand where revenues come from and how they are spent on City services. The budget serves many purposes and addresses different needs depending on the “audience”, including City residents, federal and state regulatory authorities, elected officials, other local governments, taxpayers, and City staff.

BASIS OF BUDGETING

Budgets are generally adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP) and in accordance with legal mandates. Adopted budgets for governmental funds utilize the modified accrual basis of accounting under which revenue and related assets are recorded when measurable and available to finance operations during the year. Proprietary funds use the accrual basis of accounting, which recognizes revenue when earned and expenses when incurred. Annual operating budgets are adopted for all Governmental Funds except for the Capital Projects Fund in which effective budgetary control is achieved on a project-by-project basis when funding sources become available. Appropriations for the General, Public Schools, Internal Service Funds, and Enterprise Funds lapse at fiscal year-end, except appropriations that have been encumbered in order to account for specific expenditure commitments. Appropriations for Capital Project Funds and Special Revenue Funds are continued until the completion of the applicable project or grant, even when the project or grant extends beyond the end of the fiscal year.

BASIS OF ACCOUNTING

The City of Richmond uses either the accrual or the modified accrual basis of accounting, as appropriate for each fund type or activity, in accordance with GAAP.

In general, under the modified accrual basis of accounting, revenues are considered available only if the monies will be received within 60 days after the end of the accounting period and were due on or before the last day of the accounting period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is principal and interest on general long-term debt, which is recorded when due.

Under the full accrual basis of accounting, revenues are recorded when earned, and expenses are recorded when incurred, without regard to receipts or disbursements of cash. Unbilled accounts receivable are accrued when earned in the Proprietary Funds.

In applying the recognizing accrual concept to revenues, the legal and contractual requirements of the individual programs are used as guidance. Certain revenue must be expended for a specific purpose, and others are virtually unrestricted as to the purpose of the expenditure.

In most cases, the basis of accounting conforms to how the City prepares its budget. Exceptions are as follows:

- Compensated absences are recorded as earned by employees (GAAP), as opposed to being expended when paid (Budget);
- Principal payments on long-term debt within the Proprietary Funds reduce the amount of debt remaining on a GAAP basis, as opposed to being expended on a Budget basis; and
- Capital outlays within the Proprietary Funds are recorded as assets on a GAAP basis and expended on a Budget basis.

FUND STRUCTURE

The City's governmental functions and accounting system are organized, controlled, and operated on a fund basis. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objects. Each fund is considered a separate accounting entity, with operations accounted for in a separate set of self-balancing accounts that are comprised of assets, liabilities, fund equity, revenue, and expenditures or expenses, as appropriate. The City's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds consist of the General Fund, Debt Service Fund, Capital Projects Fund, and Special Revenue Funds. Most governmental functions of the City are financed through these funds. The modified accrual basis of budgeting is used for all governmental funds.

General Fund - The General Fund is the City's primary operating fund. It is used to account for all revenue sources and expenditures which are not required to be accounted for in other funds. Revenues are derived primarily from real estate and personal property taxes, as well as other local taxes, federal and state distributions, licenses, permits and fees, fines and forfeitures, and charges for goods and services (see Glossary of Terms for definition of Revenue terms).

Debt Service Fund - The Debt Service Fund accounts for the accumulation of financial resources for the payment of interest and principal on all governmental fund long-term debt, costs related to debt issuance, and other related costs on outstanding bonds and notes.

Capital Projects Fund - The Capital Projects Fund accounts for financial resources to be used for the acquisition, construction or renovation of capital facilities, or other equipment, that ultimately become City fixed assets.

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. Special revenue funds include, but are not limited to, federal reimbursements, grants, and donations designated for a specific purpose.

PROPRIETARY FUNDS

Proprietary Funds consist of enterprise funds and internal service funds. These funds account for city activities that operate similarly to private sector businesses. Consequently, these funds measure net income, financial position, and changes in financial position. All assets, liabilities, equities, revenue, expenditures, and transfers related to the City's business and quasi-business activities are accounted for through proprietary funds. The accrual basis of accounting is used for all Proprietary Funds.

Enterprise Funds - These funds are used to account for the operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs (i.e., expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where periodic determination of revenue earned, expenses incurred, and/or net income is deemed appropriated for capital maintenance, public policy, management control, accountability, or other purposes. (e.g., Public Utilities)

Internal Service Funds - These funds are used for the financing of goods or services provided by one city department or agency to other departments or agencies, or to other governments, on a cost-reimbursement basis (e.g., Fleet Management).

FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and other funds. The City's fiduciary funds include the City's Retirement System Trust Fund and Agency Funds which are custodial in nature and do not present results of operations or have a measurement focus.

POLICIES AND PRACTICES

Financial policies and practices promote financial integrity and are an important priority in the City of Richmond. Improvement of financial policies and practices has been a key initiative within the Efficient & High-Quality Service Delivery priority area. The following financial policies, practices, and guidelines establish the framework for the City's overall financial planning and management. These broad policies set forth guidelines against which current budgetary performance can be measured and proposals for future programs can be evaluated. The policies and practices help to protect the fiscal integrity of the City and ensure that the City is poised for future growth.

BALANCED BUDGET

The City's budgetary policies are based upon guidelines and restrictions established by the State Code, the City Charter and Code, and generally accepted accounting principles for governmental entities. These provisions set forth the City's fiscal year, tax year, public hearing and advertising requirements, and restrictions on taxation. Included in these guidelines and restrictions is the requirement that the City must maintain a balanced budget. The budget is considered balanced if estimated revenues and resources meet planned expenditures.

The City prepares and approves a biennial budget. Annually, the City must adopt and execute a budget for such funds as is required in the guidelines and restrictions discussed above. The budget controls the levy of taxes and the expenditure of money for all City purposes during the ensuing fiscal year.

REVENUE POLICIES AND PRACTICES

Multi-year revenue and expenditure forecasts for all City funds will be included as a part of the development of the Budget. The City will attempt to maintain a stable but diversified revenue base as a means of sheltering it from fluctuations in the economy.

While revenue and expenditures are monitored continually, a report is compiled quarterly that depicts current year trends and receipts and explains any unanticipated revenue variances.

Fund Balance - The City does not intend to use General Fund equity (Rainy Day/Unassigned Fund Balance) to finance current operations. The City's General Fund equity balance has been built over the years to provide the City with sufficient working capital to enable it to finance unforeseen emergencies without borrowing.

Revenue or Tax Anticipation Notes - The City does not intend to issue revenue or tax anticipation notes to fund government operations. The City intends to manage cash in a fashion that will prevent any borrowing to meet working capital needs. Short-term borrowing for this purpose was eliminated with the advent of twice-per-year real estate billing in January 2011.

Bond Anticipation Notes - The City does not intend to issue Bond Anticipation Notes (BANS) for a period of longer than two years. If the City issues a bond anticipation note for a capital project, the BANS will be converted to a long-term bond or redeemed at its expiration.

Fees and Charges - All fees established by the City of Richmond for licenses, permits, fines, services, applications and other miscellaneous charges shall be set out to recover all or a portion of the City's expense in providing the attendant service.

Restricted Revenue - Restricted revenue (such as Children's Services Act funds, Asset Forfeiture funds, or Reserve Fund for Permanent Public Improvements (RFPI)) will only be used for the purpose intended and in a fiscally responsible manner.

Revenue Collection - The City will strive to achieve an overall real property tax collection and personal property tax collection. In addition, the City is enhancing its delinquent tax collections.

Structurally Balanced Budget - The City will strive to achieve a structurally balanced budget in which one-time revenue and/or one-time expenditure savings will be used for non-recurring or one-time expenditures.

OPERATING BUDGET POLICIES AND PRACTICES

Unassigned (Undesignated) Fund Balance - The City will maintain a Rainy Day/Unassigned fund balance equal to at least thirteen sixty-seven (13.67%) of the budgeted General Fund expenditures. The purpose of this fund balance is to help mitigate current and future risks and to provide for temporary funding in the event that the City experiences an unusual, unanticipated and otherwise insurmountable hardship.

Budget and Revenue Stabilization Contingency Reserve - The City will strive to build and maintain a budget and revenue stabilization contingency reserved to be equal to three percent (3%) of the budgeted General Fund expenditures. The purpose of this reserve is to mitigate current and future risks of unforeseen or unavoidable events that might cause a significant reductions in local and/or state revenue of at least one-half of one percent over the then-current fiscal year’s budget.

Reserve	Purpose	Goal
Rainy Day/Unassigned (Undesignated) General Fund Balance.	Practices of a well-managed government recommend the accumulation of unassigned fund to mitigate current and future risks and to provide for temporary funding of unforeseen emergency or catastrophic needs.	Post GASB 54 implementation, a Rainy Day/Unassigned fund balance of 13.67% will be maintained.

Structurally Balanced - The City will strive to match current General Fund revenue with current expenditures so that ongoing operating costs are supported by ongoing, stable revenue.

Revenue and Expenditure Projections - The City will strive to prepare a five-year forecast annually in order to improve financial planning and decisions, and to assist in the preparation of the biennial budget or the biennial budget amendment.

Budgetary Surplus - The City will adopt a budget in which ongoing operating costs are supported by ongoing, stable revenue. The revenue and expenditure projections utilized in adopting the annual financial plan are estimates that will be strictly monitored. The Commonwealth of Virginia sets the benchmark goal of projected budget variance at two percent. It is the goal of the City to meet the Commonwealth’s benchmark.

CAPITAL BUDGET POLICIES AND PRACTICES

Capital Improvement Program Preparation - The City will prepare a five-year capital improvement program in accordance with Section 6.19 of the Richmond City Charter. In addition to the guidance set forth by the City charter, the City uses several guiding principles and best practices to develop and manage the Capital Improvement Program. These principles are utilized to promote capital infrastructure that support the City’s vision and priorities by establishing a five-year capital implementation program.

Pay-As-You-Go Capital Improvement Funding - The City will strive to fund a portion of capital improvements with sources of financing that do not increase the City’s debt liability.

Debt Policies - It is the policy of the City that General Fund supported debt will be limited by any one of the following:

Debt Policy	Limitation	Status
Debt service, as a percent of the budget, will not exceed 10 percent.	10%	Met
Debt will not exceed 3.75 percent of total assessed values (real estate, personal property, and machinery & tools).	3.75%	Met

In addition to the policies listed above, debt will also be limited by the following:

- To the extent the limitations above are not exceeded, General Obligation debt may be used for enterprise fund capital projects in lieu of revenue bonds within the additional limitations that: coverage must be maintained, and provisions of capitalized interest will be met as though the bond held parity with outstanding revenue bonds; and
- The City will issue general fund supported debt with an average life that is consistent with the useful life of the project with a maximum maturity of 30 years.

CASH MANAGEMENT AND INVESTMENT POLICIES AND PRACTICES

Cash Management and Investment - The City will invest public funds in a manner that places safety of the principal of the City’s public investment as the highest priority. Secondary to safety is the maintenance of liquidity of the investment and optimization of the rate of return. Funds invested by the City are invested in accordance with the Code of Virginia, Investment of Public Funds Act, Chapter 45, Title 2.2, Sections 2.2-4500 through 2.2-4518 and the Virginia Security for Public Deposits Act, Chapter 44, Title 2.2, Sections 2.2-4400 through 2.2-4411.

INTER-FUND POLICIES AND PRACTICES

Inter-Fund Transfers and Reimbursements - The General Fund will be reimbursed annually by the Enterprise and Internal Service Funds for general and administrative services provided, such as self-insurance, accounting, personnel, and administration.

BUDGET CYCLE

Month	Activity
August	The Department of Budget and Strategic Planning (DBSP) continues the process of implementing Performance Based Budgeting with migration toward alignment between strategic priorities, performance, and resource allocation. DBSP assists departments with the enhancement of department missions, program goals and relevant performance measures and assist with department's development of Strategic Action Plans. DBSP begin drafting CIP instructions and guidelines.
September	The DBSP issues instructions for the Multi-Year Forecast Process (expenditures and revenues). Departments are encouraged to submit information regarding regulatory requirements, legislative changes, demographic impacts and any other changes impacting revenues and expenditures over a five year period. The DBSP formulates preliminary guidelines for the upcoming Capital and operating budgets. CIP guidelines and instructions are finalized and issued to departments.
October	DBSP finalizes the budget guidelines and instructions for the operating budget instructions. DBSP prepares operating baseline budgets and begins preparing departmental submission forms and instructions. Multi-Year Forecast submissions are returned and reviewed.
October - November	CIP requests are submitted back to DBSP. DBSP issues operating budget guidelines and instructions to departments via a Budget Kickoff. Additionally, DBSP facilitates departmental training on the OpenGov budget submission system.
November - December	DBSP reviews CIP requests and meets with CIP project managers on their requests. DBSP formulates and finalizes CIP recommendations.
December	Departments submit operating budget requests back to DBSP. DBSP finalizes the capital budget recommendations and presents recommendations to the Executive Team for review and feedback. Multi-Year Forecast is completed and submitted to the Mayor and CAO for review. DBSP staff review department operating requests.
January	DBSP meets with departments on their operating budget requests. DBSP begins formulating preliminary operating budget recommendations and presents to Executive Team for review and feedback. Work sessions are scheduled with the Mayor to discuss major issues and priorities for upcoming budget. Multi-Year Forecast is presented to City Council.
February	Budget sessions are held with the Executive Team to review balancing strategies and funding recommendations for both the operating and capital budgets. Final funding decisions are completed for both the operating and capital budgets and presented to the Mayor for review and feedback. Mayor makes final funding recommendations. Proposed operating and capital budget documents are drafted.
March - April	Proposed capital budget is presented to the City Planning Commission. The Mayor later presents the proposed operating and capital budgets to the City Council. DBSP distributes proposed budget documents to City Council. The City Council begins the facilitation of budget work sessions to review the Mayor's proposed budget.
April - May	Public hearings are held on the proposed budget. City Council introduces amendments to the budgets and adopts the General Fund, Capital, RPS, Special Fund, Enterprise Fund, and Internal Service Fund budgets. The City Council also adopts the Federal Funds budgets (CDBG, HOPWA and ESG.)
June - July	The DBSP completes final revisions to the budget documents and issues the Adopted Budget documents. City departments and agencies initiate the implementation of services, programs and projects in the first year of the adopted biennium.
