INSTRUCTIONS ON FILLING OUT AN ELECTRICAL PERMIT APPLICATION

At the top right hand corner of the application is a capital E. This is the space where your permit number will be written after you have paid for the permit. There is also a capital B, this is where you will write any building permit number that is associated with the electrical permit application.

- Box #1 Fill in the number & street address where the work is being done.
- Box #2 This is to be used on multi-story commercial and multi-family residential projects. It can be left blank on single family and duplex permit applications.
- Box #3 Fill in the name of the contractor doing the work or your name if you are the owner/tenant and are applying for the permit as the owner/tenant.
- Box #4 Fill in the classification that is on your contractor's license such as ELE, ESC. etc.
- Box #5 Check the class of license located on your contractor's license.
- Box #6 Fill in state board of contractor's license number. It will always begin with 2701 or 2705 and be followed by six digits. Do NOT use a license number that begins with 2710 as this is a tradesman card number and does not allow you to apply for a permit.
- Box #7 Fill in the contractor's street address.
- Box #8 Fill in the contractor's telephone number.
- Box #9 Fill in the contractor's city, state and zip code.
- Box #10 Fill in the contractor's fax number.
- Box #11 Fill in the name of the property owner.
- Box #12 Fill in the property owner's address.
- Box #13 Fill in the property owner's daytime phone number.
- Box #14 Fill in the current use of the property such as restaurant, single family dwelling, duplex, etc.

- Box #15 Fill in the proposed use of the property such as restaurant, office, duplex, etc.
- Boxes #16 through #29 Office use only.
- Box #30 Fill in when dealing with single family houses and duplexes. Note the detached and attached designation. If the house stands alone and does not touch the house on either side, it is detached.
- Box #31 Fill in the number of apartment units in the building.
- Box #32 Check the appropriate box, if applicable.
- Box #33 COST INFORMATION Fill in the cost of all labor, materials, overhead. subcontracts and profit. This may be used to determine how much you pay in permit
- Box #34 Give a brief description of the work to be done.
- Box #35 Fill in the name of the person to contact if there are questions about the application or drawings.
- Box #36 Fill in the contact person's phone number.
- Box #37 Fill in the contact person's fax number.
- Box #38 Fill in the contact person's complete address.
- Box #39 Fill in the contact person's e-mail. if available.
- Box #40 Check whether or not you would like to be called to pick up the permit. If you check "yes", fill in your name and phone number.
- Box #41 If submitting drawings done by an engineer please fill in their name here.
- Box #42 Fill in the Engineer's phone number.
- Box #43 Fill in the Engineer's fax number.
- Box #44 Fill in the Engineer's e-mail address.

- Box #45 Fill in all low voltage work being done under this permit.
- Box #46 Fill in the square footage of the area served by this permit.
- Box #47 Provide the Virginia Power Inquiry number here. This number will be provided to Virginia Power for them to complete their work.
- Box #48 This is the size of service to the building. It may be existing or new.
- Under: TYPE OF WORK TO BE DONE -Give the quantities of all air conditioners, heat pumps, switchboards, panels, fluorescent light fixtures and generators that are to be installed under this permit.
- Box #49 Fill in the wiring method such as RMC, IMC, EMT, PVC, MC, AC, NM-B.
- Box #50 Fill in the number of stories in the building.
- Box #A. B & C Fill out the asbestos certification with the Applicant's name, property address and signature, if an existing commercial renovating structure. (This section is not applicable to residential structures of 4 units or less.)

OFFICE USE ONLY - DO NOT WRITE IN THIS AREA.
